## ASSIGNMENT

Spec Tool Company, having a place of business at 389 E. Division Street, Sparta, Michigan 49345 (Assignor) holds the entire right, title, and interest in and to the invention and all patents that may be granted therefor anywhere in the world, in the following United States patent applications:

<u>Application No.</u>	<u>Filing Date</u>
29/607,787	June 16, 2017
29/607,788	June 16, 2017
29/607,791	June 16, 2017

Spec Arms LLC, a limited liability company of the State of Michigan, having a place of business at 389 E. Division Street, Sparta, Michigan 49345 (Assignee) desires to acquire the entire right, title, and interest in and to the inventions and all patents that may be granted in and for the above United States patent applications, and any other patents anywhere in the world.

In consideration of the sum of One Dollar (\$1.00), the receipt of which is hereby acknowledged, and for other good and valuable consideration, Assignor hereby sells, assigns, and transfers unto Assignee the entire right, title, and interest in and to (a) the invention in the United States and in all foreign countries, (b) the applications above, (c) all provisional applications from which the application claims priority, (d) all nonprovisionals, divisions, continuations, continuations-in-part, reissues, reexaminations, substitutions, renewals, and extensions claiming priority directly or indirectly from the application including the right to claim for any such application the benefits of the International Convention; and (e) all patents that may be granted on any of the foregoing in the United States and in all foreign countries.

Assignor authorizes and requests the patent office officials in the United States and in all foreign countries to issue all of the patents, when granted, to Assignee as the owner of the entire right, title, and interest in and to the same.

Assignor agrees to communicate to Assignee or its representatives all facts known to Assignor respecting the invention; to testify in all legal proceedings; to sign all documents; to execute all nonprovisional, divisional, continuation, continuation-in-part, reissue, reexamination, substitution, renewal, and extension applications; to execute all necessary assignment documents to cause all of the patents to be issued to Assignee, to make all rightful oaths, and generally to do everything possible to aid Assignee, its successors and assigns, to obtain and enforce proper protection for the invention in the United States and in all foreign countries.
