**Patent Assignment**

Optimiser Pty. Ltd., an Australian limited liability company, with an address at Suite 4, 97 Hector St West, Osborne Park, Western Australia 6017 ("Assignor") is the sole owner of the patents and patent applications listed in Schedule 1 hereto (collectively the "Listed Patents"); and Flexera Software LLC, a Delaware Limited Liability Company with an office at 300 Park Boulevard, Suite 500, Itasca, IL 60143, including any subsidiary, Affiliate, or other entity that Flexera designates to act on its behalf or fulfill its obligations under this Agreement, ("Assignee") desires to acquire all right, title and interest in the Listed Patents and the other patents and related rights described below.

For good and valuable consideration, the receipt of which is hereby acknowledged, Assignor does hereby sell, assign, transfer and convey to Assignee and its successors and assigns all right, title and interest that may exist today and in the future to any and all:

- (1) Listed Patents;
- (2) patents and patent applications to which any of the Listed Patents directly or, through one or more intermediate patents, claims, or forms the basis for, priority anywhere in the world, except in Australia;
- (3) reissues, reexaminations, extensions, continuations, continuations-in-part, continuing prosecution applications and divisions of any of the items covered by (1) or (2) above;
- (4) foreign counterparts outside of Australia to any of the items covered by (1), (2) or (3) above, including utility models, inventors' certificates, industrial design protection and any other form of governmental grants or issuances for the protection of inventions, designs or discoveries;
- (5) patents that issue from any of the items covered by (1) through (4) above;
- (6) claims, causes of action and enforcement rights of any kind, whether currently pending, filed or otherwise, and whether known or unknown, under or arising from any of the items covered by (1) through (5) above, including without limitation all rights to pursue and collect damages, costs, injunctive relief and other remedies for past, current or future infringement thereof and including rights afforded under 35 U.S.C. § 154(d);
- (7) royalties, income and other payments due as of the date hereof or hereafter under or arising from any of the items covered by (1) through (6) above; and
- (8) rights to apply for, file, register, maintain, extend and renew in any or all countries of the world except Australia, patents, certificates of invention, utility models, industrial design protection, design patent protection and other governmental grants

**CONFIDENTIAL**

or issuances of any kind related to any of the items covered by (1) through (7) above, or any invention disclosed therein.

Assignor shall execute and deliver any instruments, and do and perform any other acts and things as may be reasonably necessary or desirable for effecting and evidencing the assignments contemplated hereby, including the execution, acknowledgment and recordation of any instruments.

Assignor hereby authorizes and requests the Commissioner of Listed Patents and Trademarks and any other patent office to issue any and all patents, utility models or other governmental grants or issuances pertaining to any of the items assigned hereunder in the name of Assignee.

The assignments and rights pursuant hereto will inure to the benefit of Assignee and its successors, assigns and other legal representatives and is binding upon Assignor and its successors, assigns, heirs and legal representatives.

Assignor, by its duly authorized representative, has executed this assignment on the date set forth below.
