PATENT ASSIGNMENT

WHEREAS, **Dr. Vijayananda KUNDAPUR**, whose full post office address is **114 Braeshire Lane, Saskatoon, Saskatchewan, S7V 1A1, Canada** and **Dr. Gavin CRANMER-SARGISON**, whose full post office address is **1602 Lancaster Crescent Saskatoon, Saskatchewan, S7M 3V9, Canada** (hereinafter, the "**Assignors**"), are the inventors of an Invention (the "**Invention**"), which is the subject of an International Application entitled **Mini-beam Collimators for Medical Linear Accelerators** (hereinafter, the "**International Application**"), filed under serial No. **PCT/CA2016/050679** on **June 13, 2016**, under the provisions of the Patent Cooperation Treaty (PCT), claiming priority from United States Provisional Application entitled **Minibeam Collimator for a Linear Accelerator**, filed under Serial No. **62/175,252**, on **June 13, 2015**;

AND WHEREAS, **Saskatchewan Cancer Agency** the full post office address of which is **Suite 200, 4545 Parliament Avenue, Regina, Saskatchewan, S4W 0G3, Canada**, (hereinafter, the "**Assignee**"), has acquired from the Assignors, all of their entire right, title and interest in and to the said invention, in all countries of the world, including all of their rights to the International Application, and all related applications, including any and all national and regional phase applications based on the International Application, and all substitutes, divisionals, continuations, and continuations-in-part, and all patents, that may be obtained therefor, and in any and all reissues, extensions, renewals, reexaminations of said applications and patents;

NOW THEREFORE, in consideration of the sum of one dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of all of which is hereby acknowledged, the Assignors by these presents confirm that, as of the filing date of the International Application, they do hereby sell, assign and transfer to said Assignee, their entire right, title and interest in and to the Invention, the International Application, the U.S. Provisional Application Serial No. 62/175,252, and all other applications and patents based on the International Application, to be held and enjoyed by the Assignee, its assigns and successors,

as fully and entirely as the same would have been held and enjoyed by the Assignors, had this assignment not been made.

The Assignors authorize and empower said Assignee, its successors, assigns and legal representatives or nominees, to invoke and to claim for any application for patent or other form of protection for said invention or for additions and modifications thereto, filed by it or them, the benefit of the right of priority provided by: the International Convention for the Protection of Industrial Property, as amended; any convention which may henceforth be substituted for it; membership in the World Trade Organization; or any other applicable International treaty, convention or agreement; and to invoke and to claim such right of priority without further written or oral authorization from us.

The Assignors shall without further consideration do all such things and execute all such documents as may be necessary or desirable to obtain and to maintain applications and patents for said invention and for additions and modifications thereto in any and all countries, and to vest title thereto in said Assignee, its successors, assigns and legal representatives or nominees.

The Assignors authorize and empower the firm of Oyen Wiggs Green & Mutala LLP, the complete address of which is 480 – The Station, 601 West Cordova Street, Vancouver, British Columbia, V6B 1G1, Canada, the power to insert on this assignment any further identification, to prepare any translation which may be necessary or desirable in order to comply with the rules for recordation of this document in any country, and to correct any clerical error in this assignment.

In this assignment, in accordance with provisions of Article 2(i) and (ii) PCT, "application" means an application for the protection of an invention; references to an "application" shall be construed as references to applications for patents for inventions, inventors' certificates, utility certificates, utility models, patents or certificates of addition, inventors' certificates of addition, and utility certificates of addition; references to a "patent" shall be construed as references to patents for inventions, inventors' certificates, utility

certificates, utility models, patents or certificates of addition, inventors' certificates of addition, and utility certificates of addition.

If a provision of this Assignment is or becomes illegal, invalid or unenforceable in any jurisdiction, that shall not affect the validity or enforceability in that jurisdiction of any other provision of this Assignment, or the validity or enforceability in other jurisdictions of that or any other provision of this Assignment.

For the purpose of all legal proceedings this Assignment will be deemed to have been performed in the Province of Saskatchewan and will be governed by and construed in accordance with the laws of the Province of Saskatchewan and the laws of Canada applicable therein, without reference to conflict of laws principles.

The parties hereto confirm their express wish that this Assignment be drawn up in the English language. *Les parties confirment leur volonté expresse que cette cession soit rédigée en langue anglaise.*
