ASSIGNMENT

WHEREAS, WE, Lawrence Binek of 55 Harvest Lane, Glastonbury, CT 06033 and Aaron T. Nardi, of 17 Concord Drive, East Granby, CT 06026, have invented certain improvements in MODULAR COLD-SPRAY RECEIVER, identified as Attorney Docket No. 99569US01(17-310) and described in a patent application as further identified hereinbelow, and

WHEREAS, UNITED TECHNOLOGIES CORPORATION, (hereinafter Assignee) a Delaware, U.S.A. corporation, having a place of business at 10 Farm Springs Road, Farmington, Connecticut, United States of America 06032, is desirous of acquiring the entire worldwide right, title and interest in and to said invention or inventions and any and all patents, utility models, design patents or other industrial property rights to be obtained therefore;

NOW, THEREFORE, in consideration of inventor compensation determined and paid in accordance with the United Technologies Building & Industrial Systems Employee Inventor Compensation Award Policy, the undersigned do hereby sell, assign, transfer and set over unto Assignee, its successors and assigns, to the extent owned or assignable by the undersigned, all right, title and interest in and to:

- said invention or inventions, as described in the aforesaid patent application, in any form or embodiment thereof, and in and to the aforesaid application;

- any application filed in any country, jurisdiction or other authority based thereon, including direct or indirect nonprovisional, divisional, continuation-in-part or substitute applications, and including the right to file said applications under the provisions of the Paris Convention for the Protection of Industrial Property, the Patent Corporation Treaty or other international convention or agreement;

- any and all patents or reissues or extensions thereof to be obtained in any country, jurisdiction or other authority which may be filed upon said invention or inventions in any country or other authority;

- all such rights relating to prior infringements, retroactive or past royalties, provisional rights, and other retroactive or past relief or compensation.

The undersigned hereby authorize and request the issuing authority to issue any and all patents on said application or applications to Assignee or its successors and assigns.

The undersigned further agree, to communicate to Assignee, its representatives or agents or its successors and assigns, any facts relating to said invention or inventions including evidence for interference purposes or for other legal proceedings whenever requested; testify in any interference

or other legal proceedings, whenever requested; execute and deliver, on request, all lawful papers required to make any of the foregoing provisions effective; and generally do everything possible to aid Assignee, its successors or assigns and nominees to obtain and enforce proper patent protection for said invention or inventions in any country.

The undersigned hereby authorize the Assignee to insert the application number and filing date of the above-noted international patent application into the following spaces, when known:
