#### **Warning**

Throughout the state of Rhineland-Palatinate, there have been an increasing number of cases where, after entries in the Commercial Register or the Register of Associations have been published, private third parties request that the traders, companies or associations involved pay alleged registration costs, enclosing invoices that appear to be official.

This also applies to suppliers who cite alleged consumer protection as a "warning" in their quotations.

**In doing so, these suppliers are merely presenting a (fee-based) offer for registration in private databases.**

It is expressly pointed out that the fees incurred as a result of the entry in the Commercial Register or Register of Associations and the expenditure in respect of the publication of the entry relate to a public-law entitlement to costs on the part of the state of Rhineland-Palatinate. In respect of the area covered by Mainz District Court, these costs are collected **exclusively by the Landesjustizkasse in Mainz.**

**!!! The Commercial Register is now also online !!!**

The internet register offers a simple and cost-saving way to retrieve information from the Commercial Registers of **all federal states**.

You can find more information about application and retrieval at: [www.handelsregister.de](http://www.handelsregister.de)

There, company names can be searched and publications retrieved free of charge. All other retrievals are subject to costs, which are referred to separately in each case.

**Information (including in relation to the online retrieval of register sheets and extracts) is likewise available at**
