WHEREAS, I, Michael R. Nelson residing at 106 Cabin Gate, Peachtree City, Georgia 30269 ("Assignor"), have invented certain new and useful inventions as described on attached Exhibit A (collectively, the "Patents").

NOW THEREFORE, be it known that for good and valuable consideration, the sufficiency and receipt of which is hereby acknowledged, I, hereby sell and assign to **HOME DEPOT PRODUCT AUTHORITY, LLC**, a Georgia limited liability company, having its principal place of business at 2455 Paces Ferry Road Northeast, Atlanta GA 30339, ("Assignee"), its successors, assigns, nominees, or other legal representatives, the entire right, title, and interest in and to the invention invented by me, and the application for United States patent therefor, the declaration, and all original and reissued patents granted therefor, and all divisions, continuations and continuation-in-part thereof, including the subject-matter of any and all claims which may be obtained in every such patent, and the right to apply for and obtain corresponding patent or industrial design protection which may be granted thereon in the United States or foreign countries, and authorize and request the Commissioner of Patents and Trademarks of the United States, and any official of any other country or countries foreign to the United States whose duty it is to issue patents on applications as aforesaid, to issue said Letters Patent or Utility Model Registration or design patent to Assignee, its successor, assigns, nominees, or other legal representatives, as assignee of the entire interest herein assigned. I covenant that I have not executed and will not execute any agreement in conflict herewith and agree that I will communicate to Assignee, its successors, assigns, nominees, or other legal representatives, all facts known to me respecting said invention, whenever requested, and testify in any legal proceedings, sign all lawful papers, execute all divisional, continuing, and reissue applications, make all rightful oaths, and do all lawful acts requisite for the application for such divisional, continuing, or reissue applications, or the procuring thereof, and that if and when said Assignee, its successors, assigns, nominees, or other legal representatives desire to file a disclaimer relating thereto, I will, upon request, sign all lawful papers requisite for the filing of such disclaimer. I further covenant and agree that I will, at any time upon request, do everything legally possible to aid said Assignee, its successors, assignees, nominees, or other legal representatives, either in its or their own names, to apply for, obtain, and enforce proper patent and/or Utility Model or design protection for said invention in all countries, all without further consideration but at the expense of said Assignee, its successors, assigns, nominees, or other legal representatives.

Assignor and Assignee hereby grants to the law firm of GREENBERG TRAURIG, LLP, authority and power to insert on this instrument any further identification which may be necessary or desirable for purposes of recordation in the United States Patent Office or the Patent Office of any foreign country.

IN TESTIMONY WHEREOF, I have hereunto set my hand, this 22 day of March, 2016.
