ASSIGNMENT

WHEREAS, Ron Laird (hereinafter referred to as the "Assignor"), is an inventor of the subject matter of European Union Registered Design Application Serial Nos. 003897529-0001, 003897529-0002, 003897529-0003, and 003897529-0004, each titled, "INFRARED SENSOR," and United States Design Patent Application Serial Nos. 29/624,290 and 29/624,293, each titled, "ELECTRONIC DEVICE" (hereinafter referred to as the "Applications"), and,

WHEREAS, Pyreos Limited ("Assignee"), having a business address of Scottish Microelectronics Centre, Alexander Crum Brown Road, King's Buildings, Edinburgh, United Kingdom, is desirous of formalizing the acquisition of Assignor's entire right, title and interest in and to said Applications, and the inventions therein disclosed, and any U.S. and/or foreign patent applications, including international applications, claiming the benefit thereof or from which the Applications claim the benefit thereof, and any letters patent that may issue thereon;

NOW, THEREFORE, in exchange for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor does hereby assign, sell, transfer and set over unto Assignee, its successors and assigns, any and all rights currently held by Assignor in and to said Applications and any national and/or regional phase applications, divisions, continuations, and continuations-in-part thereof which have been or may be filed, and in and to any patents or reissues, renewals, reexaminations or extensions thereof which may be granted on said applications, and in and to any patent application which may be filed in countries foreign to the United States of America and any patents granted thereon, and all patent applications for which priority has been or is subsequently claimed to said Applications or from which said Applications claim the benefit thereof, all of said applications and patents to be held and enjoyed by Assignee, and its successors or assigns, to the full end of the term or terms for which said patents may be granted, as fully and entirely as the same would have been held by Assignor had this assignment not been made.

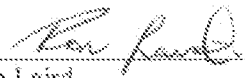

Assignor hereby authorizes and requests the Patent and Trademark Office officials in the United States of America and the Patent Office officials of any and all foreign countries to issue any and all of said patents, when granted, to Assignee or its designee.

Ron Laird Assignment of:

- (1) European Union Registered Design Application Serial No. 003897529-0001;
- (2) European Union Registered Design Application Serial No. 003897529-0002;
- (3) European Union Registered Design Application Serial No. 003897529-0003;
- (4) European Union Registered Design Application Serial No. 003897529-0004;
- (5) United States Design Patent Application Serial No. 29/624,290; and,
- (6) United States Design Patent Application Serial No. 29/624,293.

Further, Assignor agrees to execute all papers and to give such lawful testimony and to perform such other lawful acts as Assignee, its successors, and assigns require to enable it or them to procure patents based on said applications, or reissues, reexaminations or extensions thereof in the United States of America and/or in any foreign country without further expense to Assignee.

IN TESTIMONY WHEREOF, I hereunto set my hand and seal this 21 day of
December, 2017.

Ron Laird
