ASSIGNMENT OF PATENT APPLICATION

WHEREAS, the undersigned

Gregory Moore, resident of Azusa, California;
Seung Chu, resident of Cypress, California;
John Desjarlais, resident of Pasadena, California; and
Matthew Burnett, resident of Monrovia, California

(hereinafter termed "Inventor(s)"), have invented certain new and useful improvements in

BISPECIFIC ANTIBODIES THAT BIND TO CD38 AND CD3

for which an application for a United States Patent was filed on **March 30, 2015**, having Application Number **14/673,695**; and

WHEREAS, **Xencor, Inc.** a corporation of the State of Delaware having a place of business at 111 West Lemon Avenue, Monrovia, California 91016 USA (hereinafter termed "Assignee"), is desirous of acquiring the entire right, title and interest in and to said application and the invention disclosed therein, and in and to all embodiments of the invention, heretofore conceived, made or discovered jointly or severally by said Inventors (all collectively hereinafter termed "said invention"), and in and to any and all patents, inventor's certificates and other forms of protection (hereinafter termed "patents") thereon granted in the United States and foreign countries.

NOW, THEREFORE, in consideration of good and valuable consideration acknowledged by said Inventors to have been received in full from said Assignee:

1. Said Inventors do hereby sell, assign, transfer and convey unto said Assignee, the entire right, title and interest (a) in and to said application and said invention; (b) in and to all rights to apply for foreign patents on said invention pursuant to the International Convention for the Protection of Industrial Property or otherwise; (c) in and to any and all applications filed and any and all patents granted on said invention in the United States or any foreign country, including each and every application filed and each and every patent granted on any application which is a division, substitution, or continuation of any of said applications; and (d) in and to each and every reissue or extensions of any of said patents.

2. Said Inventors hereby jointly and severally covenant and agree to cooperate with said Assignee to enable said Assignee to enjoy to the fullest extent the right title and interest herein conveyed in the United States and foreign countries. Such cooperation by said Inventors shall include prompt production of pertinent facts and documents, giving of testimony, execution of petitions, oaths, specifications, declarations or other papers, and other assistance all to the extent deemed necessary or desirable by said Assignee (a) for perfecting in said Assignee the right, title and interest herein conveyed; (b) for prosecuting any of said applications; (c) for filing
