ASSIGNMENT

This Assignment is made by MATTSON, Steven R., of 1740 Pacific Avenue, Cheyenne, Wyoming 82007, United States of America, and LESHER, Scott D., of 1740 Pacific Avenue, Cheyenne, Wyoming 82007, United States of America, (collectively the "Assignors") to voestalpine Nortrak Inc., having a place of business at 1740 Pacific Avenue, Cheyenne, Wyoming, 82007, United States of America (the "Assignee");

WHEREAS Assignors have invented a new and useful invention (the "Invention") entitled **KEYWAY TIE**, for which a United States patent application will be filed substantially contemporaneously with the filing of this assignment (the "Application");

AND WHEREAS, Assignors believe themselves to be the original, first and joint inventors of the Invention disclosed and claimed in said Application; and

WHEREAS, Assignee desires to acquire by formal, recordable assignment the entire worldwide right, title and interest in and to said Invention, said Application, and any patent that may be granted for said Invention anywhere in the world;

NOW THEREFORE, in consideration for the payment of the sum of Ten Dollars (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignors hereby sell, assign and transfer to Assignee, the entire worldwide right, title and interest in and to said Invention, said Application, and any applications in other countries for the same Invention and any patent that may be

granted for said Invention anywhere in the world, including the right to file foreign applications directly in the name of the Assignee and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties or otherwise.

Further, Assignors confirm that they do further agree that, upon request and without further compensation, but at no expense to Assignors, they and their legal representative(s) and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing or enforcing any intellectual property right as may subsist or issue anywhere in the world for said Invention, and for perfecting, recording or maintaining the title of Assignee, its successors and assigns, to said Invention, said Application, and any patent or other intellectual property right granted for said Invention anywhere in the world.

Further, Assignors agree to provide, upon request, copies of all documents pertaining to the conception or development of the Invention.

Assignors represent and warrant that they have not granted and will not grant to any other any rights inconsistent with the rights granted herein.

Assignors authorize and request the Commissioner of Patents and Trademarks of the United States and of all foreign countries or patent organizations to issue any patent granted for said Invention, whether on said Application or on any subsequently filed division, continuation, continuation-in-part or reissue application, to

Assignee, its successors and assigns, as the assignee of the entire interest in said
Invention.
