## ASSIGNMENT OF PATENT APPLICATION

WHEREAS, pursuant to an assignment agreement executed on November 19, 2015, ROBERT W. SULLIVAN of U.S.A., hereinafter referred to as "Assignor," acquired all right, title and interest in and to the invention described and set forth in the following U.S. non-provisional patent application:

Title of Invention: DETACHABLE CASSETTE FOR MACHINING CONNECTOR  
AND CRIMP TOOL

Filing Date: January 29, 2016

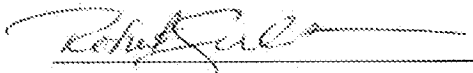

Application No.: 14/998,646

WHEREAS, SULLSTAR TECHNOLOGIES, INC., a U.S.A. company, having a residence at 3310 Los Nogales Rd., Simi Valley, CA 93063, U.S.A., hereinafter referred to as "Assignee," is desirous of acquiring an interest in the invention and application, and in any Letters Patent and Registrations which may be granted on the patent application encompassing said invention;

For good and valuable consideration, receipt of which is hereby acknowledged by Assignor, Assignor has assigned, and by these presents do assign to Assignee all right, title and interest in and to the invention and application, and to all foreign counterparts (including patent, utility model and industrial designs), and in and to any Letters Patent and Registrations which may be hereafter granted in the United States and all countries throughout the world from the above-identified patent application encompassing said invention, and to claim the priority of this patent application in other applications as assignee desires. The right, title and interest is to be held and enjoyed by Assignee and Assignee's successors and assigns as fully and exclusively as it would have been held and enjoyed by Assignor had this Assignment not been made, for the full term of any Letters Patent and Registrations which may be granted thereon, or of any division, renewal, continuation in whole or in part, substitution, conversion, reissue, prolongation or extension thereof.

Assignor further agrees that he will, without charge to Assignee, but at Assignee's expense, (a) cooperate with Assignee in the prosecution of the above-identified US application, foreign counterpart application(s), and any US or foreign patent applications claiming priority to the above-identified US application, (b) execute, verify, acknowledge and deliver all such further papers, including patent applications and instruments of transfer, and (c) perform such other acts as Assignee lawfully may request to obtain or maintain Letters Patent and Registrations for the invention and improvements in any and all countries, and to vest title thereto in Assignee, or Assignee's successors and assigns.
