PATENT ASSIGNMENT

This Patent Assignment Agreement (the "Patent Assignment") is made as of October 1, 2017 (the "Effective Date"), by and between Interwrap ULC, an unlimited liability company organized under the laws of British Columbia, Canada, having an address of 900-400 St. Mary Avenue, Winnipeg, Manitoba R3C 4K5, Canada ("Assignor") and Owens Corning Canada Holdings ULC, an unlimited liability company organized under the laws of British Columbia, Canada, having an address 3450 McNicoll Avenue, Scarborough, Ontario M1V 1Z5, Canada ("Assignee").

WHEREAS, Assignor and Assignee are parties to the Conveyance Agreement dated as of October 1, 2017 (the "Conveyance Agreement") (capitalized terms used herein without definition shall have the meanings set forth in the Conveyance Agreement); and

WHEREAS, under the terms of the Conveyance Agreement, Assignor has conveyed, transferred and assigned to Assignee, among other assets, all of Assignor's right, title and interest in and to certain intellectual property assets, and Assignor has agreed to execute and deliver this Patent Assignment, for recording with the United States Patent and Trademark Office and corresponding entities or agencies in any applicable jurisdictions.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor and Assignee agree as follows:

1. Assignment. Assignor hereby irrevocably conveys, transfers and assigns to Assignee, and Assignee hereby accepts, all of Assignor's right, title and interest in and to the following (the "Assigned Patents");

(a) the patents and patent applications set forth in Schedule I attached hereto and all issuances, divisions, continuations, continuations-in-part, reissues, extensions, reexaminations and renewals thereof (the "Patents");

(b) all rights of any kind whatsoever of Assignor accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions and otherwise throughout the world;

(c) any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and

(d) any and all claims and causes of action with respect to any of the foregoing, whether accruing before, on or after the date hereof, including all rights to and claims for damages, restitution and injunctive and other legal and equitable relief for past, present and future infringement, misappropriation, violation, misuse, breach or default,

with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. Recordation and Further Assurances. Assignor hereby authorizes the Commissioner for Patents in the United States Patent and Trademark Office and the officials of corresponding entities or agencies in any applicable jurisdictions to record and register this Patent Assignment upon request by Assignee. Following the date hereof, Assignor shall take such steps and actions, and provide such cooperation and assistance to Assignee and its successors, assigns and legal representatives, including the execution and delivery of any affidavits, declarations, oaths, exhibits, assignments, powers of attorney, or other documents, as may be necessary to effect, evidence or perfect the assignment of the Assigned Patents to Assignee, or any assignee or successor thereto. Assignors, hereby further covenant and agree for ourselves, our heirs, and our legal representatives to assist Assignee in the prosecution of any and all patent applications assigned hereby and in any interference, opposition, or other legal proceeding that may arise involving the Assigned Patents, and, upon request, to execute without further consideration all papers necessary or desirable for the preparation or prosecution of any divisional, continuation, renewal, reissue, reexamination, or other applications for patents in any country that might be deemed necessary or desirable by Assignee to fully to secure its respective right, title, and interest in and to the Inventions or any patent application based thereon or claiming priority thereto, or in and to the Assigned Patents, as aforesaid

3. Terms of the Conveyance Agreement. The parties hereto acknowledge and agree that this Patent Assignment is entered into pursuant to the Conveyance Agreement, to which reference is made for a further statement of the rights and obligations of Assignor and Assignee with respect to the Assigned Patents. Any representations, warranties, covenants, and agreements contained in the Conveyance Agreement shall not be superseded hereby but shall remain in full force and effect to the full extent provided therein. In the event of any conflict or inconsistency between the terms of the Conveyance Agreement and the terms hereof, the terms of the Conveyance Agreement shall govern.

4. Counterparts. This Patent Assignment may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed to be one and the same agreement. A signed copy of this Patent Assignment delivered by facsimile, e-mail or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Patent Assignment.

5. Successors and Assigns. This Patent Assignment shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns.
