February 15, 2015

Range Fuels Inc. LIQUIDATION Notes

Just prior to the resignation of the Range Fuels Inc. ("Range") Board of Directors , David C Aldous was appointed to act in the capacity of corporate liquidator to act in the best interest of outstanding creditors.

All tangible assets were sold or assigned to creditors. Significant effort was made to find a buyer for the Intellectual Property ("IP") of Range. After consultation with legal and IP lawyers, the IP was grouped into 5 major buckets for ease of sale (Refer to Ryan P O'Connor presentation of August 23, 2011).

Bucket A : Biomass to Syngas by Devolatilization
Bucket B : Biomass to Syngas by Fluid Bed Gasification
Bucket C: Syngas Cleanup
Bucket D: Catalysis
Bucket E: Other

The IP was sold off for the benefit of creditors to three major buyers:

In April 2012 Albemarle Corporation , bought all of Bucket D as well as three patent cases from Bucket E.

In August 2012 Maverick Biofuels, Inc , bought some of Bucket B, C and E.

In February 2015 Haakon Inc bought all of Bucket A and one case in Bucket B.

After significant effort no buyer was found for Range patent file cases 1051 , 1016, 1087, 1077, 1092, 1100 and 1113.

At this point in time the only remaining creditors of Range were WilmerHale and David Aldous.

WilmerHale preferred to receive cash and no interest in IP. David Aldous also preferred cash but was willing to accept the remaining patent cases to close out Range Fuels and ZXCO Inc.

In discussion with Peter Buckland legal counsel for Wilmer Hale and Corporate Sec for Range Fuels Inc and ZXCO, Inc. it was agreed that as compensation for liquidation services rendered, David C. Aldous would take ownership and filing fee obligation of the remaining Range Patent Cases: 1016, 1051, 1077, 1087, 1092, 1100 and 1113.
