## PATENT ASSIGNMENT

WHEREAS, the undersigned:

**Graham Robert Killip**, a citizen of the United States of America, residing at

2090 Westwell Run, Alpharetta, Georgia 30022,

(hereinafter referred to as "**Assignor**") has or may have invented certain inventions and improvements disclosed in a non-provisional application for United States Patent entitled **BLEND VALVE**, which application is being filed simultaneously herewith in the United States Patent and Trademark Office;

WHEREAS, **Micromeritics Instrument Corporation**, a Corporation of the State of Georgia, having its principal place of business at 4356 Communications Drive, Norcross, Georgia 30093, is desirous of acquiring an interest in the same;

NOW, THEREFORE, for and in consideration of good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, **Assignor**, by these presents does sell, assign and transfer unto **Micromeritics Instrument Corporation**, the full, exclusive and entire right, title and interest: (i) in and to all inventions and improvements disclosed and described in said application, (ii) in and to said application, (iii) in and to any divisional, continuation, and continuation-in-part applications describing in whole or in part the said inventions and improvements, preparatory to obtaining Patents of the United States therefor, (iv) in and to any reissues of the aforementioned, (v) in and to any provisional patent applications filed in the United States describing in whole or in part the said inventions and improvements, from which priority may be claimed under Title 35 of the United States Code, and (vi) in and to the right to claim any applicable foreign and domestic priority rights arising from such provisional patent applications; and **Assignor** does hereby request the Commissioner of Patents to issue any and all Patents of the United States resulting from said application, or from a division, continuation, continuation-in-part, or reissue thereof, to **Micromeritics Instrument Corporation** as **Assignee**, for its interest and for the sole use and behoof of **Micromeritics Instrument Corporation** and its assigns and legal representatives;

For the same consideration, **Assignor** by these presents does sell, assign and transfer to **Micromeritics Instrument Corporation** the full, exclusive and entire right, title and interest in and to any foreign application or applications corresponding to said application, in whole or in part, in countries other than the United States, in and to any Patents and similar protective rights granted on said foreign application, and in and to the right to claim any applicable priority rights

arising from or required for said foreign application under the terms of any applicable conventions, treaties, statutes, or regulations; said foreign applications to be filed and issued in the name of **Micromeritics Instrument Corporation** and/or its respective designees, insofar as permitted by applicable law;

AND, for the same consideration, Assignor does hereby agree to sign all lawful papers, execute all divisional, continuation, continuation-in-part, reissue and other applications, make all assignments and rightful oaths, and generally do everything possible to aid **Micromeritics Instrument Corporation**, its successors, assigns, and nominees, to obtain and enforce proper protection for all said inventions and improvements in all countries throughout the world.
