ASSIGNMENT

WHEREAS I/we, **Fred Bould**, residing at 101 Blackburn Ave, Menlo Park, CA 94025 and **Jeremy Wolf**, residing at 1579 11th Avenue, San Francisco, CA 94122 (the "Inventors") are the individual/joint inventors of an invention entitled **WIRELESS REPEATER** for which invention I/we have executed a United States design patent application bearing serial number 29/593,099 filed on February 6, 2017, and I/we are entitled to assign my/our entire right, title, and interest world-wide in and to the invention and any intellectual property protection for the invention; and

WHEREAS Bould Design, a California LLC, having its principal place of business at 1135 North Amphlett Blvd, San Mateo, CA 94401, is desirous of obtaining our entire right, title, and interest world-wide in and to the invention and any intellectual property protection for the invention, or similar legal protection to be obtained therefor, including the US patent application and any Canadian patent application therefor;

NOW THEREFORE, in good and valuable consideration, I/we hereby sell, assign, and transfer to the Company, its successors, legal representatives, and assigns, my/our entire right, title, and interest world-wide in and to the invention and all rights, in and to and to file, applications for intellectual property protection, including, without limitation, all applications for patents, utility models, and designs, whether original, divisional, continuation, continuation-in-part, renewal, reissue, reexaminations, substitutes, inventor certificates, or the like, now on file or subsequently filed, for the invention world-wide, together with the right to file such applications and the right to claim for such applications the priority rights derived from any application filed throughout the world in respect of the invention under any national or international intellectual property laws or agreements and any intellectual property protection including, without limitation, patents, utility models, and designs, now or hereafter granted, for the invention world-wide, and any extensions, renewals, reissues, or the like thereof all rights to any legal equivalent thereof in a foreign country such as patents of addition, utility models, patents of importation, revalidation patents and inventor certificates. I/we, our successors and assigns, in accordance with this Assignment hereby transfer all rights of action, power, and benefit belonging to or accruing from the invention including the right to undertake proceedings to recover past, present, and future damages or profits and claim all other relief or remedies in respect of any acts of infringement thereof whether such acts shall have been committed before or after the date of this assignment.

FURTHER I/we hereby authorize and request any official of any state, responsible for issuing patents or other evidence or forms of any intellectual property protection, to issue the same for the invention to the Company, its successors, legal representatives, and assigns, in accordance with this assignment for the Company's sole use and benefit, and for the use and benefit of the Company's successors and assigns, to the full end of the term for which any such patent may be granted.

ALSO I/we hereby agree that I/we have the full right to convey our entire, right, title and interest in and to the invention world-wide and all applications for intellectual property protection for the invention world-wide and that we have not executed, and will not execute, any agreement in conflict with this assignment.
