WHEREAS REXAM HEALTHCARE LA VERPILLIERE SAS, a French corporation having a place of business at 20 avenue de la Gare, 38290 LA VERPILLIERE, France ("REXAM") has been assigned by Alain Regard his entire interest in each and every invention that is the subject of a U.S. provisional patent application titled **A DEVICE FOR DISPENSING AND APPLYING A LIQUID**, filed with the United States Patent and Trademark Office on _____, as application Serial No. _____ (hereinafter the "Application");

REXAM hereby gives permission to insert above the serial number(s) and filing date(s) for the Application when it is known.

For itself and for its successors and assigns, REXAM covenants that no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this Assignment.

For itself and for its successors and assigns, REXAM further covenants and agrees with Lilly that upon request REXAM and they will, without further consideration than that now paid, but at the expense of Lilly or its successors or assigns: (i) execute original, provisional, substitute, continuation, divisional, continuation-in-part, reexamined, or reissued applications, amended specifications, or rightful declarations or oaths for such application; (ii) communicate to Lilly or its successors or assigns any facts known to REXAM or them relating to such inventions or the history thereof; (iii) execute preliminary statements and testify in any interference proceedings, litigation discovery proceedings and depositions, oppositions, cancellation proceedings, priority contests, public use proceedings,
