ASSIGNMENT

I, for good and valuable consideration, receipt of which is hereby acknowledged, and confirming any and all previous assignment by me or by operation of law, have assigned and do hereby assign and sell, to LINDIS BIOTECH GMBH, a German company having its principal place of business at Am Klopferspitz 19, 82152 Martinsried, Germany ("Assignee"), its successors, assigns, and legal representatives, the entire right, title, and interest, in and to all subject matter and improvements invented, made, or conceived by me and described in the application for patent entitled

COMBINATION OF THE APPLICATION OF ANTIBODIES FOR
IMMUNOSTIMULATION TOGETHER WITH GLUCOCORTICOIDS

having Application Number 11/977,856, filed October 26, 2007, issued as U.S. Patent No. 8,709,421, and in and to all patent and all patent convention and treaty rights of all kinds, including the right to claim priority from said application, and all rights in and to any utility model, continuation, continuation-in-part, and divisional application therefrom, and any reissue or re-examination as to any patent issuing therefrom, in all countries throughout the world, for all such subject matter described therein, including all rights of action and rights to recover damages for past infringements.

I agree that any and all consideration for this assignment shall be limited to a portion of any recovery obtained by LINDIS BIOTECH GMBH, subject to and subordinate to third party rights arising out of the patent prosecution, negotiation, and enforcement of the rights hereby assigned. I hereby explicitly disclaim any right to rescind or to void this or any other assignment or license relating to the rights hereby assigned and also disclaim any right to bring or control litigation in my individual capacity. To the extent

the terms of this assignment are inconsistent with any prior agreement, or any conflict arises with respect to prior agreements, this assignment shall take precedence.

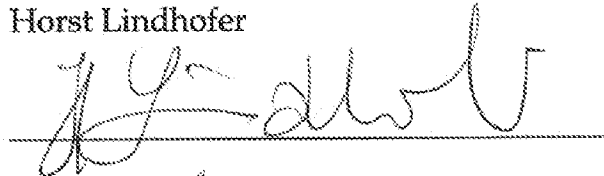

I further agree that on request and without further consideration, I will communicate to the Assignee or its representatives or nominees any facts known to me respecting the inventions and improvements and testify in any legal proceeding, make all rightful oaths, sign all lawful papers, and execute all instruments or documents required or requested for the making and prosecution of any applications of any type for patent, utility model, or other similar rights in any and all countries including, but not limited to, any and all provisional, non-provisional, continuation, continuation-in-part, divisional, renewal or substitute thereof, for any and all derivation proceedings relating thereto, and, as to any and all patents that issue from such applications, for any and all supplemental examination, derivation proceeding, opposition, post grant review, reissue, re-examination, *inter partes* review, or extension thereof, and generally do everything possible to aid the Assignee, its successors, assigns, and nominees to obtain and enforce proper patent protection for the invention and its improvements in any and all countries.
