**ASSIGNMENT**

THIS ASSIGNMENT, made by **Clemson University**, a constituent institution of South Carolina and an educational institution chartered under the laws of South Carolina, having its principal place of business at 230 Kappa Street, Clemson, South Carolina 29634, hereinafter referred to as Assignor;

WITNESSETH: That,

WHEREAS, the Assignor is the co-owner of a partial right, title, and interest in and to certain new and useful improvements in **BI-FUNCTIONAL ARGININE-GLYCINE-ASPARTIC ACID (RGD) PEPTIDES AND METHODS TO PROMOTE ANGIOGENESIS** for which U.S. Provisional Patent Application No. 62/405,523 was filed October 7, 2016; and U.S. Patent Application No. 15/726,766 was filed October 6, 2017, in the United States Patent and Trademark Office; and

WHEREAS, **Clemson University Research Foundation**, a constituent institution of South Carolina and an educational institution chartered under the laws of South Carolina, having its principal place of business at Post Office Box 946, Clemson, South Carolina 29633-0946, hereinafter referred to as assignee, is desirous of acquiring Assignor's partial right, title, and interest in and to said invention as described in said applications, and in and to any and all Letters Patent which shall be granted therefor in the United States of America and all foreign countries;

NOW, THEREFORE, To Whom It May Concern, be it known that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor has sold and by these presents does hereby sell, assign, transfer, and convey unto the said assignee, its successors and assigns, its partial right, title, and interest in and to the said invention and applications, and in and to any and all subsequent patent applications which claim the benefit of priority from said applications including regular utility, continuations, and continuations-in-part, or divisions thereof, and in and to any and all Letters Patent of the United States of America and all foreign countries or reissues or other forms of protection thereof which may be granted for the invention in or on applications claiming the benefit of priority from said applications, for the full end of the term for which said Letters Patent may be granted along with any term extensions thereof or therefor, together with the right to claim the benefit of priority from said applications in all foreign countries in accordance with the International Convention, the same to be held and enjoyed by said assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment and sale had not been made.

To the extent not otherwise covered by a prior agreement with and/or assignment to Assignee, Assignor further covenants and agrees that, at the time of the execution and delivery of these presents, Assignor possesses partial title to said invention and said applications, and that Assignor has the unencumbered right and authority to make this assignment.

Assignor hereby requests that said Letters Patent be issued in accordance with this assignment.

Assignor further covenants and agree to promptly communicate to said Assignee or its representatives any facts known to us relating to said invention, to testify in any interference or legal proceedings involving said invention, to execute any additional papers which may be requested to confirm the right of the Assignee, its representatives, successors, or assigns to secure patent or similar protection for the said invention in all countries and to vest in the Assignee partial title to the said invention and Letters Patent, without further compensation, but at the expense of said Assignee, its successors, assigns, and other legal representatives; and Assignor hereby instructs, and further covenants and agrees to bind its successors, legal representatives, and assigns, to do same, without further compensation, but at the expense of said Assignee or its representatives.

IN WITNESS WHEREOF, the Assignor hereunto set my hand and seal on this 14<sup>th</sup> day of December, 2017. The undersigned warrants and represents that he/she has the authority to sign this Assignment on behalf of the Assignor, Clemson University.
