ASSIGNMENT

This assignment is made by Craig Lawson, with a mailing address of Suite 203 – 11782 Hammersmith Way, Richmond, British Columbia, Canada, V7A 5E2 (the “Assignor”) to Peak Innovations Inc. (the “Assignee”), having a place of business at Suite 203 – 11782 Hammersmith Way, Richmond, British Columbia, Canada, V7A 5E2.

WHEREAS the Assignor has invented the following new and useful designs:

1. FENCE, generally depicted as follows:

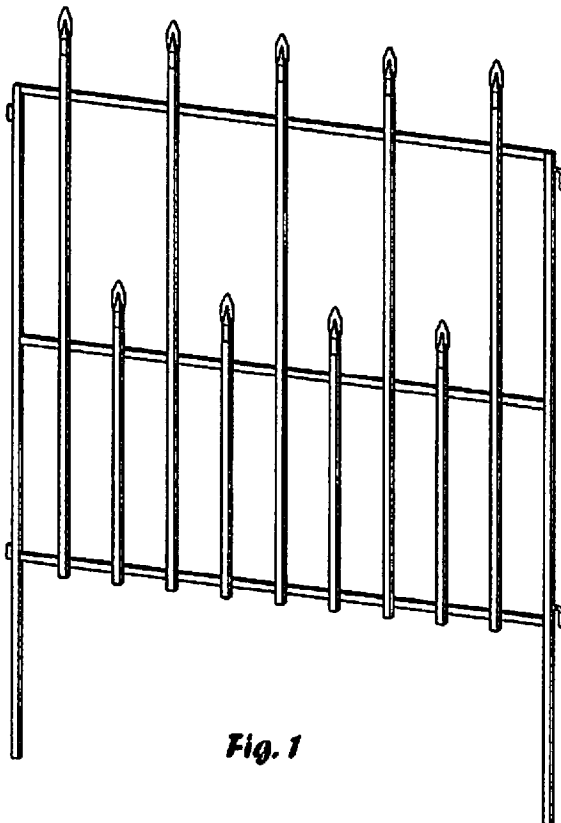

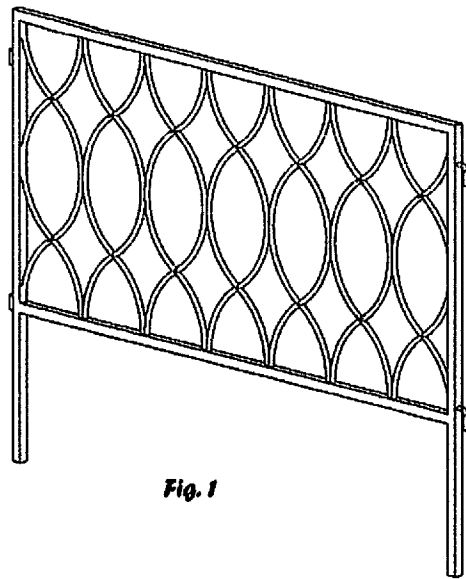

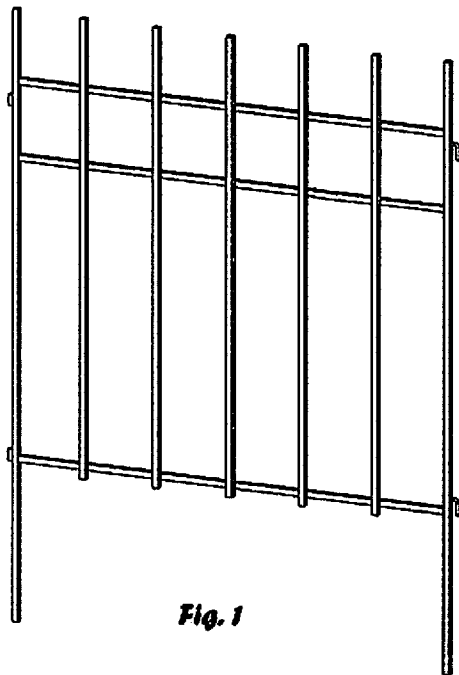

Fig. 1

2. FENCE, generally depicted as follows:

and

3. FENCE, generally depicted as follows:

(collectively the "Designs"), for which applications for United States design patents will be filed shortly after execution of this Assignment;

AND WHEREAS the Assignor and Assignee are desirous that the rights in the Designs be owned by the Assignee;

NOW THEREFORE WITNESSETH THAT:

The Assignor hereby confirms that in consideration for the payment of \$10.00 and other valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Assignor did assign and transfer, and for greater certainty, the Assignor does hereby assign and transfer, to the Assignee the entire worldwide right, title, and interest in and to the Designs, said applications, and any design patents, industrial designs, design rights, utility models, petty patents, or utility patents that may be granted for the Designs anywhere in the world, including the right to enforce any such rights and to file foreign applications directly in the name of the Assignee and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties, or otherwise.

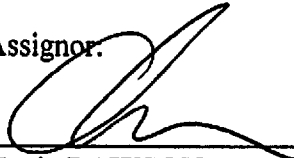

Further, the Assignor agrees that, upon request and without further compensation, but at no expense to the Assignor, he and his legal representative(s) and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing any design patents, industrial designs, design rights, utility models, petty patents, or utility patents as may issue anywhere in the world for the Designs, and for perfecting, recording, or maintaining the title of the Assignee, its successors and assigns, to the Designs, said applications, and any design patents, industrial designs, design rights, utility models, petty patents, or utility patents granted for the Designs anywhere in the world.

The Assignor represents and warrants that he has not granted and will not grant to any other any rights inconsistent with the rights granted herein.

The Assignor authorizes and requests the Director or Commissioner of Patents and Trademarks, as the case may be, of the United States, Canada and of all foreign countries to issue any design patents, industrial designs, design rights, utility models, petty patents, or utility patents granted for the Designs, whether on said applications or on any subsequently filed divisions, continuations, continuations-in-part, or reissue applications, to the Assignee, its successors and assigns, as the assignee of the entire interest in the Designs.

IN WITNESS WHEREOF, the Assignor has executed this Assignment on the date written hereinbelow.
