## ASSIGNMENT

This assignment is made and entered into by and between Charles Douglas Spitler, a citizen of the United States of America with a residence in Southlake, Texas, and Rodney Ray Wilkins, a citizen of the United States of America with a residence in Granville, Ohio (each an "Assignor" and collectively "Assignors"), and Superior Fibers, LLC, a limited liability company with an address at 456 Robert Stone Way, Reedsville, West Virginia 26547 ("Assignee").

WHEREAS, each Assignor is an inventor of the invention(s) described in:

- United States Patent Application 15/255,136, entitled "Method of Manufacturing Fiberglass Filtration Media", filed on September 1, 2016; and
- United States Patent Application No. 15/490.803, entitled "Method of Manufacturing Fiberglass Filtration Media", filed on April 18, 2017;

(collectively, the "Patent Applications");

WHEREAS, Assignee desires to acquire and Assignors desire to assign all right, title and interest in and to the Patent Applications and the invention(s) described therein.

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, Assignors hereby assign, transfer and set over, unto Assignee, its successors, legal representatives and assigns, the entire right, title and interest in and to the Patent Applications, the invention(s) described therein, and all continuations, divisions, and renewals thereof, and all Patents of the United States which may be granted thereon and all reissues and extensions thereof; and all applications for intellectual property protection, including, without limitation, all applications for patents, utility models and designs which may hereafter be filed for said inventions in any country or countries foreign to the United States, together with the right to file such applications and the right to claim for the same the priority rights derived from said Patent Applications under the laws of the United States of America, the Paris Convention for the Protection of Industrial Property, or any other international agreement or the domestic laws of the country in which any such application is filed, as may be applicable; and all forms of intellectual property protection, including, without limitation, patents, utility models, inventors' certificates and designs which may be granted for said inventions in any country or countries foreign to the United States of America and all extensions, renewals and reissues thereof.

Assignors authorize the Commissioner for Patents to record Assignee as the owner of the Patent Applications, including any continuations, divisions, continuations-in-part, reissues,

reexaminations or extensions thereof, and to issue any and all letters patents of the United States thereon to Assignee, as assignee of the entire right, title and interest in and to the same, for the sole use and enjoyment of Assignee, its heirs, successors, assigns or other legal representatives.

Assignors grant to Assignee the full right to sue for and recover all profits and damages recoverable for past infringement of the inventions, the Patent Applications, and any patent or patents that may be obtained therefor, for Assignee's use and behalf, and for the use and behalf of Assignee's heirs, successors, assigns and other legal representatives.

Assignors and Assignee shall use their respective commercially reasonable best efforts to take, or cause to be taken, all action, and to do, or cause to be done, all things necessary, proper, or advisable under the applicable laws and regulations to consummate and make effective the assignment contemplated by this Assignment. If at any time after the date of this Assignment any further action is necessary or desirable to carry out the purposes of this Assignment, the parties hereto shall take or cause to be taken all such necessary action, including, without limitation, the execution and delivery of such further instruments and documents as may be reasonably requested by the other party for such purposes or otherwise to consummate and make effective this Assignment.

IN TESTIMONY WHEREOF, I hereunto set my hand the day and year opposite my signature.
