a corporation organized under the laws of the state of California as Assignee, and its successors, assigns and legal representatives, my entire right, title and interest, for all countries in and to certain inventions relating to the following United States Patent Applications:

Docket No.	U.S. Patent No.	Inventors	Title

and the invention(s) and improvement(s) set forth therein, and any and all continuations, continuations-in-part, divisionals, utility applications claiming benefit of this provisional application, and renewals of and substitutes for said application for said Letters Patent, and all the rights and privileges under any and all Letters Patent that may be granted therefor in any country, and any reissues, or reexaminations, or extensions of said Letters Patent. I request that any and all Letters Patent for said inventions be issued to said Assignee, its successors, assigns and legal representatives, or to such nominees as it may designate.

I agree that, when requested, I will, without charge to said Assignee but at its expense, sign all papers, take all rightful oaths, and do all acts which may be necessary, desirable or convenient for securing and maintaining patents for said inventions in any and all countries and for vesting title thereto in said Assignee, its successors, assigns and legal representatives or nominees.

I covenant with said Assignee, its successors, assigns and legal representatives, that the rights and property herein conveyed are free and clear of any encumbrance, and that I have full right to convey the same as herein expressed.

IN WITNESS WHEREOF, I have hereunto signed my name on the day and year set forth below.
