ASSIGNMENT

WHEREAS, Hancock Jaffe Laboratories, Inc., a corporation incorporated in California and having its principal place of business at 70 Doppler, Irvine, California 92618, hereinafter referred to as "ASSIGNOR," is the owner of the entire right, title, and interest of an issued United States patent, United States Patent No. 9,248,165, entitled "COMPOSITE CONTAINING COLLAGEN AND ELASTIN AS A DERMAL EXPANDER AND TISSUE FILLER," and issued on February 2, 2016, and hereinafter referred to as "UNITED STATES PATENT," and also is the owner of the entire right, title, and interest of a pending United States patent application, United States Patent Application Serial No. 15/012,257, entitled "COMPOSITE CONTAINING COLLAGEN AND ELASTIN AS A DERMAL EXPANDER AND TISSUE FILLER," and filed on February 1, 2016, and hereinafter referred to as "UNITED STATES PATENT APPLICATION."

WHEREAS, Hancock Jaffe Laboratories Esthetic, Inc., a corporation incorporated in California and having its principal place of business at 70 Doppler, Irvine, California 92618, hereinafter referred to as "ASSIGNEE," is desirous of acquiring the entire right, title and interest in the UNITED STATES PATENT and the UNITED STATES PATENT APPLICATION.

NOW, THEREFORE, for valuable consideration, the receipt of which is hereby acknowledged, the ASSIGNOR, by these presents does hereby sell, assign, transfer, and set over unto the said ASSIGNEE, its successors and assigns, its full and exclusive right, title and interest in and to the said invention, the UNITED STATES PATENT, and the UNITED STATES PATENT APPLICATION. This Assignment also is effective with respect to all Letters Patent to be granted and issued therefore, including, but not limited to, all continuations, continuations in part, continuing prosecution and/or divisional applications, not only for, to and in the United States of America, its territories and possessions, but for, to, and in all other countries including all priority rights under the International Convention for any corresponding application, including any application claiming priority from any previous application from which the UNITED STATES PATENT APPLICATION has claimed priority, as well as all priority rights under any other applicable laws or treaties and any national or regional stage applications based

on applications filed under the International Convention or any other applicable laws or treaties for any corresponding application, including any application claiming priority from any previous application from which the UNITED STATES PATENT APPLICATION has claimed priority.

It is further agreed by the undersigned, upon the request of said ASSIGNEE, to execute any and all documents necessary to invest title in said applications and patents in said ASSIGNEE and to execute any and all documents necessary to maintain patent rights in any country or regional patent office in which a patent application or patent that claims priority from or claims the benefit of the UNITED STATES PATENT APPLICATION or any application claiming priority from any previous application from which the UNITED STATES PATENT APPLICATION has claimed priority has been filed or granted, including, but not limited to, documents in reissue proceedings, documents in reexamination proceedings, documents in opposition proceedings, or documents in any court actions in which the scope or validity of any such patent application or patent is at issue.
