PATENT ASSIGNMENT

This Patent Assignment made and entered as of February 1, 2018, by and between **APOGEE TRANSLITE, INC.**, a New York corporation, with a business address of 593 Acorn Street, Deer Park, New York 11729, United States of America (“Assignor”), and **APOGEE LIGHTING HOLDINGS, LLC**, a Delaware limited liability company, with an address of 601 Bayshore Boulevard, Suite 850, Tampa, Florida 33606, United States of America (“Assignee”).

WHEREAS, Assignor and Assignee are parties to an Asset Purchase Agreement, dated as of the date hereof (the “Purchase Agreement”);

WHEREAS, pursuant to the Purchase Agreement, Assignor agreed to sell, convey, assign, transfer and deliver all of its right, title and interest, if any, in the patents, patent applications, and inventions described on the attached Schedule A; and

WHEREAS, Assignee agreed to purchase, acquire and accept from Assignor all right, title and interest in the patents, patent applications, and inventions described on the attached Schedule A.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, conveys, assigns, transfers and delivers to Assignee all of Assignor’s entire right, title and interest, if any, in and to the patents, patent applications, and inventions described on the attached Schedule A in the United States and its territorial possessions and in all foreign countries and to all letters patent or similar legal protection in the United States and its territorial possessions and in any and all foreign countries to be obtained for inventions in connection with the patents, patent applications, and inventions described on the attached Schedule A, including all related applications or any continuations, continuations-in-part, divisionals, renewals, substitutes, reexaminations, extensions, provisionals or reissues thereof or any legal equivalent thereof in a foreign country for the full term or terms for which the same may be granted, and all rights to claim priority on the basis of such applications, including the right to sue for and receive all damages from past, present and future infringements of the patents, patent applications, and inventions described therein, arising prior to or following the effective date of the assignment, the same to be held and fully enjoyed by Assignee, its successors, assigns and other legal representatives.

Assignee hereby agrees to execute, all patent applications, assignments, lawful oaths and any other papers which Assignee may reasonably deem necessary for securing to Assignee, its successors or assigns, or for maintaining or recording for Assignee, its successors or assigns, all patents, patent applications, and inventions referred to herein, all without further compensation to Assignor.
