PATENT AND DESIGN RIGHT ASSIGNMENT

This **PATENT AND DESIGN RIGHT ASSIGNMENT** (“**Assignment**”) dated December 15, 2017 made by olloclip, LLC, a Delaware limited liability company with address at 16291 Gothard Street, Huntington Beach, California 92647 (“**olloclip**”) and Premier Systems USA, Inc., a corporation organized under the laws of California with address at 9062 Carrolltown Drive, Huntington Beach, California 92646 (“**Premier**”) (together with Olloclip, the “**Assignors**”) in favor of Portero Holdings LLC, a California limited liability company with address at 26487 Rancho Parkway South, Lake Forest, California 92630 (“**Assignee**”).

WHEREAS, Assignors are the owner of certain inventions as disclosed and/or claimed in pending applications, issued patents and registered designs, including without limitation those represented by the patent and design right applications and registered or issued patents and design rights listed in Exhibit A hereto (collectively the “**Patents**”); and

WHEREAS, this Assignment is being executed and delivered in furtherance of that certain Forbearance and Consensual Foreclosure Agreement dated as of December 5, 2017 and the foreclosure sale of December 15, 2017 contemplated thereby, and is not intended to in any way supersede, modify, replace, amend, change, rescind, waive, exceed, expand, enlarge, limit or affect any of the provisions (including the representations, warranties, covenants, agreements and conditions), transactions, transfers, obligations, duties, rights, interests or remedies set forth in or imposed thereby.

NOW, THEREFORE, for the consideration of USD \$10.00 and other good and valuable consideration, the receipt and sufficient of which is hereby acknowledged, Assignors hereby distribute, transfer, assign, and otherwise convey to Assignee, its successors and assigns, all of Assignors’ right, title, and interest in and to the Patents as they exist anywhere in the world and as may be created or acquired at any date in the future, including but not limited to any and all applications and issued patents and all applications and registrations for design rights, all provisional, non-provisional, continuation, continuation-in-part, divisional, international, foreign, regional and convention applications corresponding thereto, and any and all Letters Patent of the United States and countries and regions foreign thereto which may grant or have granted thereto or be lodged in relation thereto, any reissue or reexamination thereof or to be obtained therefor, any renewals, or substitutes thereof, and any and all priority rights or priority claims of International Convention rights for the full term or terms for which the same may be granted, along with all rights to proceeds of the foregoing, including, without limitation, income, royalties, damages, profits and payments now or hereafter due or payable with respect thereto, and any and all rights of action of Assignors, and the right to take proceedings and to seek and recover damages and all other available remedies, against third parties for past, present, or future infringement of the Patents. Assignors hereby authorize and request the competent authorities to grant and to issue any and all such Patents in the United States and throughout the world to the Assignee along with the entire right, title and interest therein.

Assignors shall take such actions and shall execute and deliver all such further instruments, documents or other writings, and perform any other reasonable acts that Assignee may request, that may be necessary or appropriate to carry out and effectuate the provisions of

this Assignment and to establish, enforce or defend Assignee's rights in the Patents anywhere in the world.

At the request and expense of Assignee, Assignors shall provide all reasonable assistance which Assignee considers necessary in connection with bringing or defending any proceedings in relation to the Patents.

This Assignment is governed by the laws of the State of California, without regard to its conflict of laws principles. This Assignment will be binding upon and inure to the benefit of the parties and their respective successors and assigns. This Assignment may be executed in one or more counterparts, each of which will be deemed an original and binding as of the date first written above, and, when delivered, all of which will constitute one and the same instrument.

[remainder of page intentionally left blank, signature page follows]
