ASSIGNMENT OF PATENTS AND PATENT APPLICATIONS

WHEREAS, CSD, LLC, a Georgia limited liability company ("Assignor") granted a security interest in and to certain collateral, including certain intellectual property, to **Heinrich W. Nathe**, an individual resident of Georgia ("Assignee") pursuant to that certain Security Agreement executed by Assignor in favor of Assignee dated on or around May 29, 2008 and that certain Security Agreement dated March 20, 2017 (hereinafter, collectively, in whole or in part, as the same may have been extended, modified, or amended, the "Security Agreement"), to secure indebtedness more particularly described in that certain Amended and Restated Promissory Note Secured by Security Agreement ("Note") dated March 20, 2017;

WHEREAS, Assignor is the owner of all rights, title, and interest in and to the patents and applications for patents set forth on Exhibit A attached hereto (collectively the "Patents");

WHEREAS, on or around May 29, 2008, Assignor granted and at all times relevant hereto continued and continues to grant Assignee a first priority lien and security interest in and to the Patents by virtue of the Security Agreement;

WHEREAS, Assignor has defaulted on its payment obligations under the Note;

WHEREAS, pursuant to the Note and Security Agreement, Assignee has declared all of Assignor's obligations under the Note immediately due and payable;

WHEREAS, Assignor lacks sufficient financial resources to satisfy its obligations under the Note;

WHEREAS, Assignee has proposed to accept certain collateral, the Patents, in full satisfaction of Assignor's obligations with respect to the indebtedness due under the Note, and Assignor has consented to such proposed acceptance; and

WHEREAS, Assignee desires to acquire from the Assignor, and the Assignor has agreed to transfer to Assignee, all of the Assignor's rights, title, and interest in and to the Patents; and

WHEREAS, Assignee and Assignor have entered into that certain Strict Foreclosure Agreement dated November 8th, 2017, in addition to this Assignment, which sets forth more particularly the terms of acceptance;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Assignor hereby sells, assigns and transfers to Assignee and its successors and assigns the Assignor's entire right, title and interest in and to the Patents and inventions covered thereby and improvements thereto, and all continuations, divisions, continuations-in-part, extensions or reissues thereof, together with all of the Assignor's rights of priority and other rights under all international agreements to which the United States adheres, and the Assignor hereby authorizes and requests any official, whose duty it is to issue in any country a patent or patents on said inventions or improvements, to issue patent or patents to Assignee or his nominees, successors or assigns, and together with all claims and demands that the Assignor may have, at law or in equity, whether presently known, unknown, accrued or to accrue, arising out of past or present infringements of such Patents, including, without limitation,

be held and enjoyed by Assignee and his successors and assigns as fully and entirely as the same would have been held and enjoyed by the Assignor if this sale, assignment and transfer had not been made.

IN WITNESS WHEREOF, the Assignor has caused its duly authorized officer to execute and deliver this instrument effective this 04 of December, 2017.
