ASSIGNMENT

WHEREAS, the undersigned, **Mike Hossein Amidi**, an individual, and **William Michael Gervasi**, an individual, (referred to hereinafter as "ASSIGNORS") has invented a certain invention entitled "APPARATUS, SYSTEM, AND METHOD OF SECURITIZATION OF MEMORY MODULES AGAINST MALICIOUS ACTS", for which a United States Provisional application for Letters of Patent was filed on October 11, 2016, having serial number 62/406,850, which together with related experimental data, trade secret, and other know-how is referred to hereinafter as the **INVENTION**;

WHEREAS, **Xitore, Inc.**, a company having its principal place of business at 26060 Acero, Mission Viejo, CA 92691 (referred to hereinafter as "ASSIGNEE"), is desirous of acquiring all entire right, title and interest in, to and under said **INVENTION**, and in, to and under Letters Patent or similar legal protection to be, or having been, obtained therefor in the United States of America, its territorial possessions and in any and all countries foreign thereto;

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, **ASSIGNORS** hereby sell, assign, transfer and set over unto the **ASSIGNEE**, its successors, and assign the entire title, right and interest in and to the **INVENTION**, and to all Letters Patent or similar legal protection arising therefrom, not only in the United States and its territorial possessions, but in all countries foreign thereto to be obtained for said **INVENTION** by said application or any continuation, continuation-in-part, divisional, renewal, substitute, reissue or reexamination thereof or any legal equivalent thereof in a foreign country for the full term or terms for which the same may be granted, including all priority rights under any International Convention.

ASSIGNORS hereby covenant that no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this assignment;

ASSIGNORS further covenant that **ASSIGNEE** will, upon its request, be provided promptly with all pertinent facts and documents relating to said **INVENTION**, including the patent application listed above, and any Letters Patent and legal equivalents in foreign countries issuing therefrom as may be known and accessible to **ASSIGNORS**, and will testify as to the same in any interference or litigation related thereto and will promptly execute and deliver to **ASSIGNEE** or its legal representatives any and all papers, instruments or affidavits required to apply for, obtain, maintain, issue and enforce said invention and said Letters Patent and said equivalents thereof in any foreign country which may be necessary or desirable to carry out the purposes thereof. **ASSIGNORS** shall be compensated at a reasonable rate for work performed under this paragraph.

ASSIGNORS and **ASSIGNEE** each covenant to perform all acts and execute and deliver all documents as may be necessary or appropriate to carry out the intent and purposes of this assignment.

This assignment embodies the entire understanding of **ASSIGNORS** and **ASSIGNEE** and supersedes and replaces any and all pre-existing assignments or understandings between **ASSIGNORS** and **ASSIGNEE**. No amendment or modification of this assignment shall be valid

or binding upon ASSIGNORS or ASSIGNEE unless made in writing and signed on behalf of each of ASSIGNORS and ASSIGNEE by their respective duly authorized representative.

ASSIGNORS acknowledge that ASSIGNEE may appoint any attorney or practitioner of ASSIGNEE'S choice to prosecute any application or other legal proceeding involving said invention and ASSIGNORS further acknowledge that any attorney or practitioner so appointed by ASSIGNEE does not represent ASSIGNORS and that such appointment by ASSIGNEE does not create any attorney-client relationship between ASSIGNORS and any attorney or practitioner appointed by ASSIGNEE, in this or in any PCT or other family applications.

EXECUTED at:

Lake Forest, CA, this 10 day of October, 2017
City, State Month
