ASSIGNMENT

WHEREAS:

Druantia Innovations, LLC, a Wisconsin limited liability company, having a place of business at 2800 W. Custer Ave, Milwaukee, Wisconsin 53209, hereinafter called ASSIGNOR, owns the entire interest in U.S. Patent No. 9,126,737 titled Torso-shaped Storage Device, (Hereinafter "SUBJECT MATTER")

WHEREAS:

Jonco, Inc., a Wisconsin limited liability company, having a place of business at 2800 W. Custer Ave, Milwaukee, Wisconsin 53209, called ASSIGNEE, is desirous of acquiring a fifty percent (50%) interest in and to said SUBJECT MATTER;

NOW, THEREFORE, in consideration of One Dollar (\$1.00) and other good and valuable considerations, the receipt of which is hereby acknowledged, ASSIGNOR hereby sells, assigns and transfers to ASSIGNEE, its successors and assigns, fifty percent (50%) of the right, title and interest in said SUBJECT MATTER, including any application and any divisions or continuations thereof, and any Letters Patent obtained for the invention in the United States and foreign countries, or any such division or continuation thereof, and any reissues or extensions of any such Letters Patent, along with fifty percent (50%) of any and all causes of action and enforcement rights, including all rights to sue, counterclaim, and recover for any past present and future infringement of, or liabilities for, all Letters Patent or similar legal protection to be obtained.

And, ASSIGNOR hereby covenants that it has the full right to convey the fifty percent (50%) right, title and interest in said SUBJECT MATTER, and has not executed and will not execute any agreement in conflict herewith. ASSIGNOR further represents and warrants that it has not previously granted to any third party any interest in the above-identified SUBJECT MATTER through a license, assignment, or otherwise.

And ASSIGNOR further covenants that it will, at any time, upon request, execute and deliver any and all papers that may be necessary or desirable to perfect the fifty percent (50%) title in said ASSIGNEE, to said SUBJECT MATTER, including any Letters Patent that may be granted therefrom. If ASSIGNEE, or its assignee, desire to make a substitute, divisional or continuation application for said SUBJECT MATTER, or to secure a reissue or extension of said Letters Patent, or to file a disclaimer relating thereto, ASSIGNOR

covenants that it will upon request, sign all papers, make all rightful oaths and declarations, and do all lawful acts requisite for the said purposes, at the expense of ASSIGNEE, provided that in ASSIGNOR'S sole judgment, such actions do not have an adverse impact on any remaining rights, title or interest that ASSIGNOR has in the SUBJECT MATTER, including without limitation ASSIGNOR'S right to sue, counterclaim, and recover for any past present and future infringement of, or liabilities for, all Letters Patent or similar legal protection to be obtained.

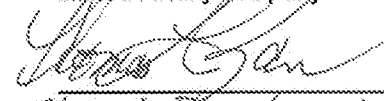

And, ASSIGNOR further covenants that it will at all times communicate to ASSIGNEE, its successors, assigns or legal representatives, all facts relating to said SUBJECT MATTER and Letters Patent, or the history thereof, known to it, and testify as to the same in proceedings before the Patent Trial and Appeal Board concerning the SUBJECT MATTER or Letters Patent, any other litigation whether before an administrative body or court, when requested so to do, at the expense of ASSIGNEE.

This assignment may be executed in one or more counterparts, each of which shall be deemed an original and all of which may be taken together as one and the same assignment.
