ASSIGNMENT

Lee B. Hiler, Jr. residing at 8685 Ammerman Drive, Comstock Park, Michigan 49321; Tadd Richard Woodard residing at 17280 Apache Trail, Howard City, Michigan 49329 and David McClaran Riser, II residing at 7910 E. Dogwood Meadows Court, SE, Ada, Michigan 49301 (individually and/or collectively Assignor) have invented certain new and useful improvements in FIREARM HANDGUARD SECUREMENT SYSTEM AND RELATED METHOD which is the subject of a United States patent application.

Spec Arms LLC, a limited liability company of the State of Michigan, having a place of business at 389 E. Division Street, Sparta, Michigan 49345 (Assignee) desires to acquire the entire right, title, and interest in and to the invention and all patents that may be granted therefor anywhere in the world.

In consideration of the sum of One Dollar (\$1.00), the receipt of which is hereby acknowledged, and for other good and valuable consideration, Assignor sells, assigns, and transfers unto Assignee the entire right, title, and interest in and to (a) the invention in the United States and in all foreign countries, (b) the application, (c) all provisional applications from which the application claims priority, (d) all nonprovisionals, divisions, continuations, continuations-in-part, reissues, reexaminations, substitutions, renewals, and extensions claiming priority directly or indirectly from the application including the right to claim for any such application the benefits of the International Convention; and (e) all patents that may be granted on any of the foregoing in the United States and in all foreign countries.

Assignor authorizes and requests the patent office officials in the United States and in all foreign countries to issue all of the patents, when granted, to Assignee as the owner of the entire right, title, and interest in and to the same.

Assignor agrees to communicate to Assignee or its representatives all facts known to Assignor respecting the invention; to testify in all legal proceedings; to sign all documents; to execute all nonprovisional, divisional, continuation, continuation-in-part, reissue, reexamination, substitution, renewal, and extension applications; to execute all necessary assignment documents to cause all of the patents to be issued to Assignee, to make all rightful oaths, and generally to do everything possible to aid Assignee, its successors and assigns, to obtain and enforce proper protection for the invention in the United States and in all foreign countries.
