ASSIGNMENT OF PATENT RIGHTS

WHEREAS, I, as a below named inventor, am a joint inventor of a certain new and useful invention entitled *Chlorine Dioxide Decontamination System and Methods* (hereinafter "Invention").

WHEREAS, **Controlled Performance with Gases, LLC** (hereinafter "Assignee"), a limited liability company organized in the State of Kentucky, having a place of business at 219 Tucker Station Road, Louisville, KY 40243, is desirous of acquiring the entire right, title and interest in and to the Invention and in and to any Letters Patent that may be granted therefore in the United States and its territorial possessions and in any and all foreign countries.

NOW, THEREFORE, in consideration of the sum of FIVE DOLLARS (\$5.00), the receipt whereof is hereby acknowledged, and for other good and valuable consideration, the receipt whereof is hereby acknowledged, I, by these presents do sell, assign and transfer unto the Assignee, the full and exclusive right to the Invention in the United States and its territorial possessions and in all foreign countries (including the right to claim priority under the terms of the International Convention and other relevant International Treaties and Arrangements from the aforesaid application) and the entire right, title and interest in and to any and all Letters Patent which may be granted therefor in the United States and its territorial possessions and in any and all foreign countries and in any and all divisions, reissues, continuations, continuations-in-part, re-examinations, substitutions and renewals thereof.

I hereby authorize and request the Patent Office Officials in the United States and its territorial possessions and any and all foreign countries to issue any and all of Letters Patent, when granted, to the Assignee as the assignee of my entire right, title and interest in and to the same, for the sole use and behoof of the Assignee, Assignee's successors and assigns, to the full end of the term for which Letters Patent may be granted, as fully and entirely as the same would have been held by me had this Assignment and sale not been made.

Further, I agree that I will communicate to Assignee or Assignee's representatives any facts known to me respecting the Invention, and testify in any legal proceedings, sign all lawful papers, execute all divisional, continuation, substitute, renewal and reissue applications, execute all necessary assignment papers to cause any and all of Letters Patent to be issued to Assignee, make all rightful oaths, and, generally do everything

possible to aid the Assignee, Assignee's successors and assigns, to obtain and enforce proper protection for the Invention in the United States and its territorial possessions and in any and all foreign countries.
