ASSIGNMENT
(Sole Inventor)

WHEREAS, the undersigned, **Jang Ho KIM**, resident of **Hwaseong-si, Republic of Korea**, (hereinafter termed "Inventor"), has invented certain new and useful improvements in **CENTER BEARING BUSH UNIT FOR PROPELLER SHAFT** and executed therefore an application for Letters Patent of the United States and

having an oath or declaration executed on **August 12, 2013**.

WHEREAS, **Hyundai Motor Company** and **Kia Motors Corporation**, corporations of the Republic of Korea, having a place of business at **12, Heolleung-ro, Seocho-gu, Seoul, Republic of Korea**, (hereinafter termed "Assignees"), are desirous of acquiring the entire right, title and interest in and to said application and the invention disclosed therein, and in and to all embodiments of the invention, heretofore conceived, made or discovered by said Inventor (all collectively hereinafter termed "said invention"), and in and to any and all patents, inventor's certificates and other forms of protection (hereinafter termed "patents") thereon granted in the United States and foreign countries.

NOW, THEREFORE, in consideration of good and valuable consideration acknowledged by said Inventor to have been received in full from said Assignees:

1. Said Inventor does hereby sell, assign, transfer and convey unto said Assignees, the entire right, title and interest (a) in and to said application and said invention; (b) in and to all rights to apply for foreign patents on said invention pursuant to the International Convention for the Protection of Industrial Property or otherwise; (c) in and to any and all applications filed and any and all patents granted on said invention in the United States or any foreign country, including each and every application filed and each and every patent granted on any application which is a division, substitution, or continuation of any of said applications; and (d) in and to each and every reissue or extensions of any of said patents.

2. Said Inventor does hereby covenant and agree to cooperate with said Assignees to enable said Assignees to enjoy to the fullest extent the right title and interest herein conveyed in the United States and foreign countries. Such cooperation by said Inventor shall include prompt production of pertinent facts and documents, giving of testimony, execution of petitions, oaths, specifications, declarations or other papers, and other assistance all to the extent deemed necessary or desirable by said Assignees (a) for perfecting in said Assignees the right, title and interest herein conveyed; (b) for prosecuting any of said applications; (c) for filing and prosecuting substitute, divisional, continuing or additional applications covering said invention; (d) for filing and prosecuting applications for reissuance of any said patents; (e) for interference or other priority proceedings involving said invention; and (f) for legal proceedings involving said invention and any applications therefor and any patents granted thereon, including without limitation opposition proceedings, cancellation proceedings, priority contests, public use proceedings, infringement actions and court actions; provided, however, that the expense incurred by said Inventor in providing such cooperation shall be paid for by said Assignees.

3. The terms and covenants of this assignment shall inure to the benefit of said Assignees, their successors, assigns and other legal representatives, and shall be binding upon said Inventor, his or her respective heirs, legal representatives and assigns.

4. Said Inventor does hereby warrant and represent that he or she has not entered and will not enter into any assignment, contract, or understanding in conflict herewith.

IN TESTIMONY WHEREOF, the said Inventor has executed and delivered this instrument to said Assignees as follows:
