NOTICE OF GRANT OF SECURITY INTEREST IN PATENTS

This NOTICE OF GRANT OF SECURITY INTEREST IN PATENTS (as amended, amended and restated, supplemented or otherwise modified from time to time, the “*Notice of Grant of Security Interest in Patents*”) dated December 29, 2017, is made by the Persons listed on the signature pages hereof (collectively, the “*Grantors*”) in favor of CIT BANK, N.A. (“*CIT*”) as administrative agent (together with its successors in such capacity, the “*Administrative Agent*”) for the Secured Parties (as defined in the Credit Agreement referred to below).

WHEREAS, pursuant to that certain Credit and Guaranty Agreement, dated as of December 29, 2017 (as amended, amended and restated, joined, supplemented or otherwise modified, replaced or refinanced from time to time, the “*Credit Agreement*”) by and among HCT Packaging Inc., a New Jersey corporation, HCT Asia Limited, a private limited company incorporated under the laws of Hong Kong, HCT Europe Limited, a private limited company incorporated under the laws of England and Wales, and such other Persons joined thereto as a Borrower thereunder from time to time, the Guarantors from time to time party thereto, the Lenders from time to time party thereto and the Administrative Agent, the Lenders have agreed to make Loans and provide other financial accommodations upon the terms and subject to the conditions set forth therein.

WHEREAS, as a condition precedent to the making of Loans, the issuance of Letters of Credit, and the entry into Secured Hedge Agreements by the Secured Parties under the Credit Agreement from time to time, each Grantor has executed and delivered that certain Security and Pledge Agreement dated December 29, 2017 made by the Grantors in favor of the Administrative Agent for the benefit of the Secured Parties (as amended, amended and restated, joined, supplemented or otherwise modified from time to time, the “*Security Agreement*”). Capitalized terms used herein and not otherwise defined herein shall have the meanings assigned to such terms in the Security Agreement or the Credit Agreement, as applicable.

WHEREAS, under the terms of the Security Agreement, the Grantors have granted to the Administrative Agent, for the ratable benefit of the Secured Parties, a continuing security interest in, among other property, certain intellectual property of the Grantors, and have agreed as a condition thereof to execute this Notice of Grant of Security Interest in Patents for recording with the U.S. Patent and Trademark Office.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor agrees as follows:

SECTION 1. Grant of Security. To secure the prompt payment and performance in full when due, whether by lapse of time, acceleration, mandatory prepayment or otherwise, of the Obligations, each Grantor hereby grants to the Administrative Agent, for the benefit of the Secured Parties, a continuing security interest in, and a right to set off against, any and all right, title and interest of such Grantor in and to all of the following, whether now owned or existing or owned, acquired, or arising hereafter (collectively, the “*Patent Collateral*”):

(i) all of such Grantor's Patents, including those referred to on Schedule A hereto, and all Patent Licenses to which it is a party relating to such Patents;

(ii) all renewals or extensions of the foregoing;

(iii) all Accessions, products and Proceeds of the foregoing; and

(iv) all causes of action arising prior to or after the date hereof for infringement of such Patents or unfair competition regarding the same.

Notwithstanding anything to the contrary contained herein, the security interests granted hereunder shall not extend to Excluded Property.

SECTION 2. Security for Obligations. The grant of a security interest in the Patent Collateral by each Grantor under this Notice of Grant of Security Interest in Patents secures the prompt and complete payment and performance when due (whether at the stated maturity, by acceleration or otherwise) of the Obligations of such Grantor (including any extensions, modifications, substitutions, amendments or renewals of any or all of such Obligations). Without limiting the generality of the foregoing, this Notice of Grant of Security Interest in Patents secures, as to each Grantor, the payment of all amounts that constitute part of the Obligations and that would be owed by such Grantors to any Secured Party under the Loan Documents and any Secured Hedge Agreement but for the fact that any such Obligation is unenforceable or not allowable due to the existence of a bankruptcy, reorganization or similar proceeding involving a Loan Party.

SECTION 3. Recordation. Each Grantor authorizes and requests that the Commissioner for Patents, or any other applicable government officer, record this Notice of Grant of Security Interest in Patents in the United States Patent and Trademark Office, or other applicable government office or registrar.

SECTION 4. Execution in Counterparts. This Notice of Grant of Security Interest in Patents may be executed in any number of counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement.

SECTION 5. Grants, Rights and Remedies. This Notice of Grant of Security Interest in Patents has been entered into in conjunction with the Security Agreement and the Credit Agreement. Each Grantor hereby acknowledges and affirms that the rights and remedies of the Administrative Agent with respect to the security interest in the Patent Collateral are more fully set forth in the Security Agreement and the Credit Agreement, all terms and provisions of which are incorporated by reference herein as if fully set forth herein. In the event that any provisions of this Notice of Grant of Security Interest in Patents are in conflict with the Security Agreement or the Credit Agreement, the provisions of the Security Agreement or the Credit Agreement, as applicable, shall govern.

SECTION 6. Governing Law. THIS NOTICE OF GRANT OF SECURITY INTEREST IN PATENTS AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES HERETO SHALL BE CONSTRUED IN ACCORDANCE WITH AND GOVERNED BY THE LAWS OF THE STATE

OF NEW YORK WITHOUT REGARD TO ANY CONFLICTS OF LAWS PRINCIPLES THEREOF THAT WOULD CALL FOR THE APPLICATION OF THE LAWS OF ANY OTHER JURISDICTION.

SECTION 7. Termination. Upon the occurrence of the Termination Date, this Patent Security Agreement shall automatically terminate, the Patent Collateral shall be released from lien and security interest pledged and granted herein, and the Administrative Agent shall execute all further documents and take all further necessary actions reasonably requested by the Grantors (at the cost and expense of the Grantors) to release such Patent Collateral from the lien and security interest pledged and granted herein, including, without limitation, executing a release of security interest suitable for recordation in the United States Patent and Trademark Office, or other applicable government office or registrar.
