ASSIGNMENT

WHEREAS, Shahram Askarpour ("Assignor") is the inventor of the subject matter entitled "SYSTEMS AND METHODS FOR CALIBRATING AND ADJUSTING A HEADING REFERENCE SYSTEM," described and claimed in the application for Letters Patent of the United States of America filed herewith (the "Invention");

WHEREAS, Assignor is desirous of assigning, and Innovative Solutions & Support, Inc. ("Assignee"), a Pennsylvania corporation at 720 Pennsylvania Dr., Exton, PA 19341, is desirous of acquiring, Assignor's entire, right, title and interest in the Invention.

NOW, THEREFORE, for certain monetary consideration and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged:

1. Assignor hereby irrevocably sells, transfers, assigns and delivers unto Assignee all of Assignor's worldwide right, title, and interest in and to: (a) said Invention and all registrations and applications for the same, including the above-identified patent application, and Letters Patent granted therefore or claiming priority therefrom; and all rights to request, apply for, file and register patent rights in the Invention; (b) all applications, including provisional applications, continuation applications, divisional applications, substitute applications and continuation-in-part applications claiming the benefit of the filing date of or priority to the foregoing; all patents of addition of the foregoing; all continued examinations, re-examinations, inter partes review and post-grant review certificates of the foregoing; (c) all validations, supplementary perfection certifications and extensions of the foregoing; (d) all inventions disclosed or claimed by any of the foregoing; (e) all rights to claim priority to the foregoing under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, and applicable bilateral or multilateral treaties; (f) all patents issuing from the foregoing and all amendments, reissues, and extensions of the foregoing; (g) all defenses relating to or arising from any of the foregoing, and all rights of actions arising from the foregoing, including without limitation all claims for damages by reason of infringement or violation of the foregoing and all present, past and future rights to sue and collect damages or seek injunctive relief for any such infringement or violation of the foregoing; and (h) all income, royalties and any other payments now and hereafter due and/or payable in respect of the foregoing, in each case, to be held and enjoyed by Assignee for its own use and benefit and for its successors legal representatives and assigns as the same would have been held as fully and entirely by Assignor had this assignment not been made.

2. Assignor hereby authorizes and requests the competent authorities including without limitation an official of the United States Patent and Trademark Office, an official of any non-US governmental patent office and an official of any intergovernmental organization, whose duty is to issue patent registrations or other evidence or forms of intellectual property and/or industrial property protection on applications as aforesaid, to issue the same to the Assignee, its successors, legal representatives and assigns, in accordance with the terms of this Assignment.

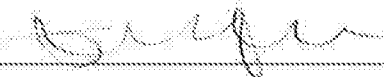

3. Assignor shall promptly execute and deliver such documents, and do and perform such acts and things as Assignee, its successors, legal representatives and/or assigns may reasonably request to give effect to, document and record, perfect and enforce the assignment

herein recited, including without limitation executing and delivering such other documents as may be required to give full effect to and to perfect the rights of Assignee, its successors, legal representatives and assigns under this Assignment in and to the Invention worldwide.

4. Assignor agrees, at any time, upon the reasonable request of Assignee, its successors, legal representatives and/or assigns, to execute and deliver to same, any additional application(s) for patent arising from or relating to the Invention, or any part or parts thereof, including without limitation any provisional, utility, design, continuation, continuation-in-part, divisional, reissue, substitute, and extension application(s) to the foregoing; and all re-examination, inter partes, post-grant and opposition certification(s) or amendments or reissues of the foregoing and all patent application(s) claiming benefit of or priority from the foregoing; and all patents issued from the foregoing. Assignor further confirms that Assignor has not made any agreement in conflict with this Assignment.

The undersigned has executed this Assignment effective as of the date indicated below:
