For good and valuable consideration, the receipt of which is hereby acknowledged, we, **Terry Alford**, (Assignor) of Tempe, Arizona; and **Sayantana Das**, (Assignor) of Tempe, Arizona have sold, assigned, and transferred, and do hereby sell, assign, and transfer unto **ARIZONA BOARD OF REGENTS on Behalf of Arizona State University**, (Assignee), a non-profit organization of the State of Arizona, having its principal office in Scottsdale, State of Arizona, United States of America, and its successors, assigns, and legal representatives, our entire right, title, and interest in and to certain invention(s) entitled **Thin Film Devices and Methods for Preparing Thin Film Devices** which is described, illustrated, and claimed in an application filed with the United States Patent and Trademark Office, Application No. 14/205,933, filed March 12, 2014, which claims the benefit of U.S. Provisional Application No. 61/776,881 filed March 12, 2013, together with the entire right, title and interest in and to the US application, and in and to any application for patent filed in any country claiming priority to, claiming the invention described in, or otherwise based on the US application, and in and to any continuation, division, reissue, reexamination, extension, renewal, or substitute thereof, and in and to any patent which may grant from such application(s).

We hereby authorize and request all government authorities in any country to issue patent(s) upon the aforesaid application, continuation, division, reissue, reexamination, extension, renewal, or substitute, to Assignee, for the sole use and behalf of Assignee, its successors, assigns, and legal representatives, to the full end of the term for which the patent(s) may be granted, the same as they would have been held and enjoyed by us had this assignment not been made.
