ASSIGNMENT

WHEREAS, we, Tracy A. Barker, a citizen of the United States, residing at 148 Buckhead Drive, Irmo, SC 29063; and James L. Braun, a citizen of the United States, residing at 323 Steeplecrest North, Irmo, SC 29063, have invented one or more inventions (hereinafter referred to as "said invention(s)") disclosed in U.S. patent application serial no. 14/153,291 (filed on January 13, 2014, and entitled "Apparatus and Method for Removal of Radionuclides in Liquids") and U.S. patent application serial no. 14/153,277 (filed on January 13, 2014, and entitled "Apparatus and Method for Removal of Radionuclides in Liquids") (collectively referred to hereinafter as "said application(s)"), and

WHEREAS, AVANTech, Inc. (hereinafter together with its successors and assigns referred to as "the Assignee"), a South Carolina corporation, having a place of business at 95-A Sunbelt Boulevard, Columbia, SC 29203, is desirous of obtaining all intellectual property rights relating to said invention(s) and said application(s); and

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which we hereby acknowledge, we have sold, assigned, transferred and set over, and by these presents hereby sell, assign, transfer and set over to the Assignee all right, title and interest in, to and under said invention(s) and said application(s), including the right to apply for any Letters Patent of the United States of America and in any and all foreign countries on said invention(s), and any and all other applications for Letters Patent on said invention(s), in whatsoever countries, including all divisional, renewal, substitute, continuation, continuation-in-part and convention applications based in whole or in part upon said invention(s) or upon said application(s), and any and all Letters Patent which may issue thereon in the United States and foreign countries and any and all reissues, extensions, renewals, divisions, continuations or continuations-in-part of Letters Patent granted for said invention(s) or upon said application(s), to the full term or terms for which said Letters Patent may be issued, and every priority right that is or may be predicated upon or arise from said invention(s), said application(s), and said Letters Patent, the same to be held and enjoyed by the Assignee for its own use and benefit fully and entirely as if the same would have been held and enjoyed by us had this Assignment not been made. We hereby authorize the Assignee to file patent applications in any and all countries on any or all of said invention(s) in our name, or in its name, or otherwise as the Assignee may deem advisable, under the International Convention or the applicable laws of a particular jurisdiction.

We hereby authorize the responsible officer of the Patent and Trademark Office of the United States, and any official of any other country empowered to issue patents, to record this Assignment, and to issue or transfer all said Letters Patent on said invention(s) to the Assignee as owner of all right, title and interest therein, or otherwise as the Assignee may direct, in accordance with the terms of this Assignment.
