THIS ASSIGNMENT, by Avails Medical, Inc. (hereinafter referred to as the assignor), having its principle place of business at 766 University Avenue, Palo Alto, CA 94301, USA, witnesseth:

WHEREAS, said assignors have invented certain new and useful improvements set forth in a provisional patent application in the United States entitled DEVICES, SYSTEMS AND METHODS FOR DETECTING VIABLE MICROORGANISMS IN A FLUID SAMPLE, bearing Application No. 62/209,754, filed August 25, 2015; and

WHEREAS, eSense, LLC, a limited liability company having its principal place of business at 1455 Adams Drive, Menlo Park, CA 94025, USA (hereinafter referred to as the assignee) is desirous of acquiring the entire right, title and interest in and to said inventions and said application for Letters Patent of the United States, and in and to any Letters Patent or Patents, United States or foreign, to be obtained therefor and thereon:

NOW, THEREFORE, for good and sufficient consideration, receipt of which is hereby acknowledged by assignor, said assignor has sold, assigned, transferred and set over, and by these presents do sell, assign, transfer and set over, unto said assignee, its successors, legal representatives and assigns, the entire right, title and interest in and to the above-mentioned inventions, application for Letters Patent, and any and all Letters Patent or Patents in the United States of America and all foreign countries which may be granted therefor and thereon, and in and to any and all divisions, continuations and continuations-in-part of said application, or reissues or extensions of said Letters Patent or Patents, and all rights under the International Convention for the Protection of Industrial Property, the same to be held and enjoyed by said assignee, for its own use and the use of its successors, legal representatives and assigns, to the full end of the term or terms for which Letters Patent or Patents may be granted, as fully and entirely as the same would have been held and enjoyed by the assignor, had this sale and assignment not been made.

AND for the same consideration, said assignor hereby covenants and agrees to and with said assignee its successors, legal representatives and assigns, that, at the time of execution and delivery of these presents, said assignor is the sole and lawful owners of the entire right, title and interest in and to said inventions and the application for Letters Patent above-mentioned, and that the same are unencumbered and that said assignor has good and full right and lawful authority to sell and convey the same in the manner herein set forth.
