## ASSIGNMENT

For valuable consideration, we,

Full Name of Assignor (family name, first name)	Full Address	Country
Van der Tempel, Ward	Leuvensesteenweg 274, B-2812 Muizen	Belgium
Grootjans, Riemer	Tolstraat 50, B-2000 Antwerpen	Belgium

hereby assign to

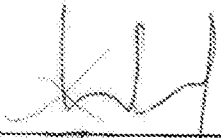

Full Name of Assignee	State of Incorporation	Business Address
SOFTKINETIC SENSORS NV	Belgium	Boulevard de la plaine 15 B-1050 Bruxelles

and to its successors and assigns (collectively hereinafter called "the Assignee"), the entire right, title, and interest throughout the world in the inventions and improvements which are subject of one or more patent applications signed by us, identified as:

Title of Application	Filing Date	Serial Number
METHOD AND TIME-OF-FLIGHT CAMERA FOR PROVIDING DISTANCE INFORMATION	12 July 2012	PCT/EP2012/063686

this assignment includes, any and all patent applications and patents, utility models, and design registrations granted for any of said inventions or improvements, and the right to claim priority based on the filing date of said application under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes; and we authorize the Assignee to apply in all countries in our names or in its own name for patents, divisionals, continuations, continuations-in-part, reissues, utility models, design registrations, and like rights of exclusion, and for inventors' certificates for said inventions and improvements; and we agree for ourselves and our respective heirs, legal representatives and assigns, without further compensation, to perform such lawful acts and to sign such further applications, assignments, Preliminary Statements, and other lawful documents as the Assignee may reasonably request to effectuate fully this assignment. This assignment also includes the right to sue for past acts of infringement, whether based on any patents listed herein, patents issuing from applications listed herein, or provisional rights from any patent applications listed herein.

Also, assignors hereby agree to execute any documents that legally may be required in connection with the filing, prosecution and maintenance of said application or any other patent application(s) in the United States for said invention, including additional documents that may be required to affirm the rights of assignee in and to said invention, all without further consideration. Assignors also agree without further consideration and at assignee's expense, to identify and communicate to assignee at assignee's request documents and information concerning the invention that are within assignors' possession or control, and to provide further assurances and testimony on behalf of assignee that lawfully may be required of assignors in respect of prosecution, maintenance and defense of any patent application or patent encompassed within the terms of this instrument. Assignors' obligations under this instrument shall extend to assignors' heirs, executors, administrators and other legal representatives.
