*WO -- World Intellectual Property Organization (WIPO)

WHEREAS, Bolt-A-Blok, Inc., an Indiana corporation (hereinafter referred to as the "Assignee"), desires to acquire all of the right, title and interest in and to the Intellectual Property, including the portion of the business to which the Intellectual Property pertains and the goodwill associated therewith.

NOW THEREFORE, for good and valuable consideration as set forth herein, the receipt of which is hereby acknowledged by the undersigned, the Assignor hereby sells, transfers, conveys, and assigns all of the Assignors' right, title, and interest in and to the Intellectual Property, as well as (i) the portion of the business to which the Intellectual Property pertains, (ii) the good will of the business symbolized thereby, and (iii) the inventions, and the said provisional patent applications, and U.S. utility patent applications based thereon, and all divisions, renewals, and continuations of said utility applications, and all patents of the United States which may be granted on said utility applications, and all reissues, reexaminations and extensions thereof, and all Patents of the United States which may be granted thereon and all applications for industrial property protection, including, without limitation, all applications for patents, utility models, and designs previously filed, concurrently herewith filed or which may hereafter be filed for said inventions in any country or countries foreign to the United States, together with the right to file such applications and the right to claim to the same the priority rights derived from said United States applications under Patent Laws of the United States, the International Convention for the Protection of Industrial Property, or any other international agreement or the domestic laws of the country in which any such application is filed, as may be applicable; and all forms of industrial property protection, including, without limitation, patents, utility models and designs, which may be granted for said inventions in any country or countries foreign to the United States and all extensions, renewals, reexaminations and reissues thereof, to the Assignee, its successors, legal representatives and assigns, and the Assignee hereby accepts such assignment.

ASSIGNORS HEREBY authorize and request the Commissioner of Patents and Trademarks of the United States, and any Official of any country or countries foreign to the United States, whose duty it is to issue patents or other evidence or forms of industrial property

protection on applications as aforesaid, to issue the same to the said Assignee, its successors, legal representatives and assigns, in accordance with the terms of this instrument.

[WE WILL CONSIDER SEPARATE POWER OF ATTORNEY DOCUMENT]

ASSIGNORS HEREBY covenant and agree that they have full right to convey the entire interest herein assigned, and that they have not executed, and will not execute, any agreement in conflict herewith.

ASSIGNORS HEREBY further covenant and agree that they will communicate to the said Assigned, its successors, legal representatives and assigns, any facts known to them respecting said invention, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing, reissue, reexamination and foreign applications, make all rightful oaths, and generally do everything possible to aid the said Assigned, its successors, legal representatives and assigns, to obtain and enforce proper protection for said inventions in all countries.

Upon the written acceptance of this Assignment by Assignee, this Assignment shall be binding upon the Assignors and Assignee, their respective licensees, successors, heirs, and assigns. In this connection, the rights herein granted to Assignee shall inure to the benefit of Assignee, its licensees, successors, heirs and assigns.

IN WITNESS WHEREOF, Assignor has executed this document the _____ day of _____, 2011.
