Confirmation of Assignment
Patent

I/We hereby declare that I/We as Inventor/-s and Assignor/-s have assigned my/our entire rights to an invention entitled:

Jet Clamps

to the Assignee, being:

I/We confirm having assigned all my/our rights globally concerning the invention to the Assignee. The assignment includes the right for the Assignee to seek and obtain patent or other intellectual property protection for the invention in any country, including the right to claim priority from any patent application describing the invention. I/We undertake to, without delay, assist the Assignee in all work with patent applications that concern the invention, including but not limited to signing all documents, providing necessary information and undertaking other reasonable measures which are necessary in order for the Assignee to secure that such patent applications lead to registration in various countries around the world. In the event that the Assignee assigns the invention to a third party, my/our undertakings above are valid against the third party.
