GLOBAL GENERAL ASSIGNMENT

WHEREAS Phasex declares that it is the sole owner of certain invention(s), as set forth in a patent application (including industrial designs and utility models), whether claimed or unclaimed, entitled Method For Purifying Reclaimed Polypropylene, filed in the name(s) of The Procter & Gamble Company of One Procter & Gamble Plaza, Cincinnati, Ohio 45202, as Applicant-Assignee and naming Johnn Moncrief Layman, Dimitris Ioannis Collias, Maggie Gunnerson, Hans Schonemann and Kara Williams as inventors, Attorney's Docket No. 14636M and filed in the United States Patent Office as Number _____, on _____ and/or the corresponding application filed in the PCT as Serial Number _____, on _____. (Phasex grants the hereinafter named assignee and/or any person authorized thereby, the power to insert in this document, the Serial Number and filing date of each application identified above when ascertained.)

For valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Phasex assigns to The Procter & Gamble Company, its legal representatives, successors and assigns, all right, title, and interest owned by Phasex in the United States and throughout the world, in, to and under said invention(s) and all patents, patent applications, patent rights, and inventor's certificates thereof, therefore, and therein, including without limitation said application, all divisions and continuations thereof, all patents which may be granted thereon, all reissues and extensions thereof, all patents which may be granted for said invention(s) by states or nations other than the United States, or by other authority, entity, or organization, and all applications therefore (including the right to claim priority of the filing date of said application in the United States and/or under international conventions), as fully and completely as the same would have been held by Phasex had this assignment not been made. The entire right, title and interest shall vest irrevocably in The Procter & Gamble Company. Phasex further agrees upon request, without additional compensation, but at no expense to Phasex, to assist The Procter & Gamble Company in obtaining signatures for any applications or any other legal documents as may be necessary or desirable to vest the enjoyment of the rights assigned to The Procter & Gamble Company, its legal representatives, successors and assigns, or as The Procter & Gamble Company may direct.

Phasex requests and authorizes the Commissioner of Patents and Trademarks and/or appropriately empowered officials of foreign countries to issue any and all Patent(s) and/or letters patent(s) which may be granted for said invention(s) herein assigned and as set forth in U. S. Application Serial Number _____ to The Procter & Gamble Company, its legal representatives, successors or assigns, as the sole owner of the entire right, title, and interest in said Patent(s).

This GLOBAL GENERAL ASSIGNMENT is effective as of the earlier of 1) the date of execution shown below, or 2) the filing date of the first-filed of said patent application(s).
