ASSIGNMENT

For valuable consideration, **TACTIQA TECHNOLOGY AB**, a corporation organized and existing under and by the virtue of the laws of Sweden and having a place of business at Gröningens väg 12, 174 62 Sundbyberg, Sweden (hereinafter referred to as "Assignor") hereby assign to **PRIME DESIGN HOLDING AB**, a corporation organized and existing under and by the virtue of the laws of Sweden and having a place of business at Gröningens väg 12, 174 62 Sundbyberg, Sweden, and its successors and assigns (hereinafter collectively referred to as "Assignee"), the entire right, title and interest throughout the world in the invention and improvements which are the subject of United States Patent No. 9,242,764 filed on August 22, 2013, U.S. Patent Application No. 14/423,932 entitled "**TRANSPORTATION BOX FOR TECHNICAL EQUIPMENT**", and related applications and patents, this assignment including said application, any and all United States and foreign patents granted for any of said inventions or improvements, including all divisionals, continuations, reissues, continuations-in-part and extensions thereof, and the right to claim priority based on the filing date of said application and based on the filing date of any provisional application of which said application claims the benefit under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purpose; and Assignor authorizes the Assignee to apply in all countries in Assignor's name or in its own name for patents and like rights of exclusion and for inventor's certificates for said inventions and improvements, and Assignor agrees for itself and its heirs, legal representatives and assigns, without further compensation, upon request to perform such lawful acts, to promptly provide Assignee with all pertinent facts and documents relating to said invention or application as may be known and accessible to Assignor, to testify in any interference or litigation related to said invention or application and to sign such further applications, assignments, Preliminary Statements and other lawful documents as the Assignee may reasonably request to effectuate fully this Assignment. This Assignment further grants to Assignee the right to enforce any patent subject to this Assignment, including the right to sue for damages and any other available remedies and relief for acts of infringement occurring before or after the date of this Assignment.

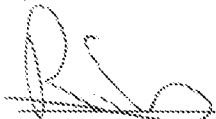

The Assignor hereby covenants that no assignment, sale, agreement, or encumbrance has been or will be made or entered into which would conflict with this Agreement.
