PATENT ASSIGNMENT

WHEREAS, Joachim Naber of Nordhorn, Germany, (the "Inventor") has invented certain new and useful improvements related to PIPE FITTING (the "Inventions"), for which European Design Application No. 004353555 was filed on September 14, 2017 (the "Priority Application");

WHEREAS, Naber Holding GmbH & Co. KG, having its principle place of business at Enschedestr. 24, Nordhorn, Germany (hereinafter referred to as "Assignee"), is desirous of acquiring an interest in, to and under said Inventions and any applications for patent for said Inventions in the United States of America (the "Applications") based on or claiming priority to the Priority Application, and any and all Letters Patent which may be granted for or upon said Inventions or said Applications in the United States of America;

NOW THEREFORE, to all whom it may concern, be it known that for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Inventor has sold, assigned and transferred, and by these presents to sell, assign and transfer unto the said Assignee the full and exclusive right, title and interest to and under the following:

(a) said Inventions as set forth and described in the specification, if any, prepared, executed, to be executed or not executed by me therefore, preparatory to obtaining one or more patents of the United States of America, whether prepared, executed and/or filed as a provisional application and/or a non-provisional applications, including the right to claim priority under the terms of the International Convention and other relevant International Treaties and Arrangements from the Priority Application;

(b) said Applications;

(c) any and all provisionals and non-provisionals, refilings, divisions, continuations and continuations-in-part of said Applications;

(d) any and all patents of the United States of America that may issue from said Applications, refilings, divisions, continuations and continuations-in-part; and,

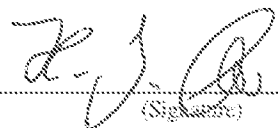

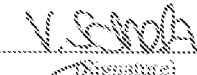

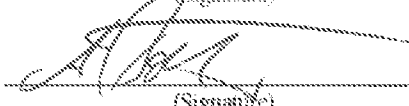

(e) any and all reissues, reexaminations and extensions of said patents of the United States of America.

For the same consideration, Inventor hereby agrees to promptly communicate to the aforesaid Assignee or its assigns full and complete information concerning improvements or betterments of the Inventions disclosed in said Applications, and Inventor will cooperate at any time upon request of said Assignee or its assigns, at its or their expense, in the procurement of patent protection to cover the Inventions herein assigned and to be assigned including the execution of new, divisional, continuing and reissue applications; Inventor will make all rightful
