ASSET PURCHASE AGREEMENT

THIS ASSET PURCHASE AGREEMENT is made and entered into as of October 2, 2013 (the "Effective Date"), by and among Furniture Brands International, Inc., a Delaware corporation ("FB Parent"), the Subsidiaries of FB Parent set forth on the Schedule of Sellers and Purchasers (together with FB Parent, each a "Seller" and, collectively, "Sellers"), FBN Acquisition Holdings, LLC or its designees ("Holdings"), the Subsidiaries of Holdings who are formed after the date of this Agreement and who join this Agreement and are set forth on the Schedule of Sellers and Purchasers (together with Holdings, and Intermediate Holdings (as defined below) the "Purchasers"), and, solely for purposes of Section 11.21, the Persons set forth on the Schedule of Guarantors (each a "Guarantor" and, collectively, "Guarantors").

In consideration of the mutual covenants, agreements and warranties herein contained, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

have delivered to Purchasers true and complete copies of each of the Facility Leases, including all amendments, modifications, extensions, renewals, guaranties, and other agreements with respect thereto (or in the case of an oral lease, a written summary of the material terms of such lease), and none of such leases has been otherwise amended, modified or terminated; (iii) the Facility Leases are at present and on the date of the Closing shall be legal, valid, binding, enforceable and in full force and effect, subject to applicable bankruptcy, reorganization, insolvency, moratorium and other Laws affecting creditors' rights generally from time to time in effect, and to general equitable principles, unless any such Facility Lease shall have expired in accordance with its terms (and not because of any termination or other acceleration of the stated expiration date thereof); (iv) there is no option to purchase, right of first offer, right of first refusal or other provision granting any Seller or any other Person any right to acquire Sellers' interest in the Leased Facilities; (v) neither Sellers nor any other party to the Facility Lease is in material breach or default under such Facility Lease, and no event has occurred or circumstance exists which, with the delivery of notice, the passage of time or both, would constitute such a material breach or default, or permit the termination, modification or acceleration of rent under such Facility Lease; and (vi) Sellers and the Foreign Subsidiaries have not subleased, licensed or otherwise granted any Person the right to use or occupy such Facility Lease or any portion thereof.

(d) To the Knowledge of Sellers, there are no material defects in the buildings, improvements and structures and fixtures located on or at the Acquired Owned Real Property or at the Assumed Leased Facilities which would materially impair the conduct of the Business by Purchasers immediately following the Closing. To the Knowledge of Sellers, the mechanical, electrical, plumbing, HVAC and other systems servicing the Acquired Owned Real Property and the Assumed Leased Facilities are in good working order and repair, ordinary wear and tear excepted, and there are no defects (latent, patent, or otherwise) in such systems which could reasonably be expected to materially impair the conduct of the Business by Purchasers immediately following the Closing.

(e) The Owned Real Property and the Leased Facilities comprise all of the real property used in, or otherwise related to, the Business.

5.12 Intellectual Property.

(a) Schedule 5.12(a) sets forth a complete and correct list of all of the following Intellectual Property that is owned by any Seller or Foreign Subsidiary: (i) patents and patent applications, trademark and service mark registrations and applications, copyright registrations and applications, and internet domain names; (ii) material unregistered trademarks, service marks, copyrights and any other material unregistered Intellectual Property; and (iii) material computer software.

(b) Sellers and the Foreign Subsidiaries (i) own and possess, free and clear of all Liens (other than Liens set forth on Schedule 5.12(b) or Liens that will be discharged pursuant to the Sale Order), all right, title and interest in and to the Intellectual Property set forth on Schedule 5.12(a), and (ii) to the Knowledge of Sellers, own and possess all right, title and interest in and to, or have a valid and enforceable right to use (pursuant to a written license agreement set forth on Schedule 5.13(a), a Contract entered into in the Ordinary Course of

Business or a license for commercially available, standard, off-the-shelf, unmodified software that is provided in executable form only and provided for Sellers' internal use only), in each case free and clear of all Liens (other than Liens set forth on Schedule 5.12(b) or Liens that will be discharged pursuant to the Sale Order), all of the other Intellectual Property necessary for or used in the conduct of the Business as presently conducted by Sellers and the Foreign Subsidiaries (together with all of Intellectual Property set forth on Schedule 5.12(a), collectively, the "Company Intellectual Property"). To the Knowledge of Sellers, all of the Company Intellectual Property is valid, subsisting and enforceable. Sellers have taken all actions necessary or commercially reasonable to maintain, protect, and enforce the Company Intellectual Property.

(c) Except as set forth on Schedule 5.12(c), to the Knowledge of Sellers, no claims have been made or threatened against any Seller or any Foreign Subsidiary contesting the validity, use, ownership or enforceability of any of the Company Intellectual Property. To the Knowledge of Sellers, no Seller or Foreign Subsidiary has infringed, misappropriated or otherwise conflicted with, the operation of the Business as presently conducted does not infringe, misappropriate or otherwise conflict with, and the operation of the Business as conducted prior to the Closing has not infringed, misappropriated, or otherwise conflicted with, any Intellectual Property of any Third Party. To the Knowledge of Sellers, there are no facts which indicate a likelihood of any of the foregoing and no Seller or Foreign Subsidiary has received during the past three (3) years any Notices regarding any of the foregoing (including any demands or offers to license any Intellectual Property from any Third Party).

(d) To the Knowledge of Sellers, no Third Party has infringed, misappropriated or otherwise conflicted with any of the Company Intellectual Property.

(e) Sellers and the Foreign Subsidiaries have taken commercially reasonable measures to implement policies and procedures consistent with industry-standard practices with respect to their current and former consultants, contractors and employees, to the extent that any of the foregoing have developed, created or modified any material Company Intellectual Property or have had access to any material confidential Company Intellectual Property, (i) assigning ownership to Sellers of Intellectual Property created, developed or modified by (A) such employees arising out of their employment or (B) such contractors or consultants engaged by Sellers arising out of their engagement; and (ii) requiring such employees, contractors and consultants to maintain the confidentiality of all Company Intellectual Property.

(f) Immediately subsequent to the Closing, the Company Intellectual Property and computer systems, including software, hardware, networks, interfaces, platforms and related systems owned or used by Sellers or the Foreign Subsidiaries (collectively, the "Company Systems") will be owned by or available for use by Purchasers on terms and conditions substantially similar to those under which Sellers and the Foreign Subsidiaries owned or used the Company Intellectual Property and Company Systems immediately prior to the Closing. Sellers and the Foreign Subsidiaries own or have a valid and enforceable right to use all Company Systems, free and clear of all Liens (other than Liens set forth on Schedule 5.12(b) or that will be discharged pursuant to the Sale Order). Each Company System is adequate for its intended functions, operations, purposes and capabilities and is sufficient for the immediate and future needs of the Business as currently contemplated by Sellers.

(g) Except as set forth on Schedule 5.12(g), no other party to any Assumed Contract that provides a license to any Intellectual Property has requested or initiated an audit or other review or inspection of any Facilities or any Books and Records. Sellers have provided Purchasers with true and correct copies of all material licenses to Intellectual Property, in each case together with all amendments, waivers or other changes thereto.

5.13 Contracts.

(a) Except (i) as set forth on Schedule 5.13(a), (ii) as filed as an exhibit to a Filed Company SEC Document, or (iii) as contemplated by this Agreement, no Seller or Foreign Subsidiary is a party to or bound by, whether written or oral, any:

(i) Collective Bargaining Agreement;

(ii) settlement, conciliation or similar agreement which imposes any payment or other material obligations on any Seller or Foreign Subsidiary after the execution date of this Agreement;

(iii) management agreement or Contract for the employment of any officer, individual employee or other Person on a full-time, part-time, consulting or other basis (A) providing for annual cash or other compensation in excess of Seventy-Five Thousand Dollars (\$75,000), (B) providing for the payment of any cash or other compensation or benefits as a result of the execution of this Agreement or the consummation of the transactions contemplated hereby, or (C) otherwise restricting the ability to terminate the employment of any employee at any time for any lawful reason or for no reason without Liability;

(iv) Contract with any Government Authority;

(v) Contract relating to borrowed money or other Indebtedness or the mortgaging, pledging or otherwise placing a Lien on any material asset or group of material assets of Sellers or the Foreign Subsidiaries or any letter of credit arrangements, or any Guaranty therefor;

(vi) Contract under which any Seller or Foreign Subsidiary is a (A) lessee of or holds or operates any personal property owned by any other Person, except for any lease of personal property under which the aggregate annual rental payments do not exceed One Hundred Thousand Dollars (\$100,000) in any twelve-month period or (B) lessor of or permits any Person to hold, operate or occupy any property, real or personal, owned or controlled by such Seller or Foreign Subsidiary;

(vii) Contract or group of related Contracts (other than purchase and sale orders entered into in the Ordinary Course of Business) with the same party or group of Affiliated parties continuing over a period of more than six (6) months from the date or dates thereof, not terminable by any Seller or Foreign Subsidiary upon thirty (30) days or less notice without penalty or involving more than One Hundred Thousand Dollars (\$100,000);

(viii) Contract relating to the ownership of, investments in or loans and advances to any Person, including investments in joint ventures and minority equity investments;

11.18 Conflict Between Transaction Documents. The parties hereto agree and acknowledge that to the extent any terms and provisions of this Agreement are in any way inconsistent with or in conflict with any term, condition or provision of any other agreement or document referred to herein, this Agreement shall govern and control.

11.19 Final Schedules. Notwithstanding anything to the contrary, Purchasers and Sellers acknowledge that as of the date of this Agreement the Schedules other than Schedules 2.6(f), 7.3 and 8.2(k) have not been finalized (such Schedules not finalized, including Item 5 of Schedule 7.3, the "Postponed Schedules"). Purchasers acknowledge that Purchasers have no right to terminate this Agreement under this Section 11.19 as a result of the finalization and delivery of the Postponed Schedules, including as a result of not being satisfied with the contents of the Postponed Schedules; provided, that the foregoing shall not limit any of Purchasers' termination rights under Article IX. Sellers agree to use reasonable efforts to provide Purchasers with the final Postponed Schedules as soon as possible after the date hereof, but in any event on or prior to five (5) Business Days after the Effective Date.

11.20 Time Periods. Unless specified otherwise, any action required hereunder to be taken within a certain number of days shall be taken within that number of calendar days (and not Business Days); provided, however, that if the last day for taking such action falls on a day that is not a Business Day, the period during which such action may be taken shall be automatically extended to the next Business Day.

11.21 Guaranty. Guarantors hereby unconditionally and irrevocably guaranty, as primary obligors and not as surety, severally in accordance with Guarantors' respective percentage shares (the "Guaranty Percentages") set forth on the Schedule of Guarantors, the due and punctual payment and performance by Purchasers (and any permitted assignees thereof) of all of their obligations to Sellers pursuant to the terms of this Agreement (the "Guaranteed Obligations"); accordingly, for the avoidance of doubt, this guaranty is one of payment and performance and not one of collection. The foregoing sentence is an absolute, unconditional and continuing guaranty of the full and punctual discharge and performance of the Guaranteed Obligations. Should Purchasers default in the discharge or performance of all or any portion of the Guaranteed Obligations, the obligations of Guarantors hereunder shall become immediately due and payable to Sellers. Sellers agree that in no event shall Guarantors be required to pay any amount to Sellers or any other Person hereunder in respect of or in connection with this Agreement other than as expressly set forth in this Section 11.21. Notwithstanding anything to the contrary set forth herein, all obligations of Guarantors pursuant to this Section 11.21 shall terminate immediately and automatically upon the earliest to occur of (i) the Closing, (ii) any termination of this Agreement other than by FB Parent pursuant to Section 9.1(c)(ii), or (iii) the date that is 30 days after the termination of this Agreement by FB Parent pursuant to Section 9.1(c)(ii), except as to any claim asserted in writing against Guarantors prior to such date (in which case the obligations of Guarantors hereunder shall terminate when such claim is finally resolved or otherwise satisfied). Notwithstanding anything that may be expressed or implied in this Section 11.21 or any document or instrument delivered in connection herewith, by their acceptance of the benefits of this Section 11.21, Sellers further agree that none of them has any right of recovery against, and no personal liability shall attach to, any Guarantor, any former, current or future, direct or indirect, director, officer, employee, agent or affiliate of any Guarantor, any former, current or future, direct or indirect, holder of any equity interests or

securities of any Guarantor (whether such holder is a limited or general partner, member, stockholder or otherwise), any former, current or future assignee of any Guarantor or any former, current or future director, officer, employee, agent, general or limited partner, manager, member, stockholder, affiliate, controlling person, representative or assignee of any of the foregoing (each such Person, a "Related Person"), through any Purchaser, any Guarantor or otherwise, whether by or through any attempted piercing of the corporate, limited liability company or limited partnership veil, by or through a claim by or on behalf of any Purchaser against any Guarantor or any Related Person, or otherwise, except for the rights against Guarantors as expressly provided in this Section 11.21 or those against Purchasers arising under this Agreement. Recourse against Guarantors under this Section 11.21 shall be the sole and exclusive remedy of Sellers and all of their respective Affiliates and Subsidiaries against any Guarantor or any Related Person (including Purchasers) in respect of any liabilities or obligations arising under or in connection with this Agreement or the transactions contemplated hereby, including by piercing the corporate, limited liability company or limited partnership veil or by a claim by or on behalf of any Purchaser. Sellers hereby covenant and agree that none of them shall, and each of them shall cause each other Seller to not institute, directly or indirectly, and shall cause its and their respective affiliates and subsidiaries to not institute, any proceeding or bring any other claim arising under, or in connection with, this Agreement or the transactions contemplated hereby, against any Guarantor or any Related Person, except for claims of Sellers against Guarantors under this Section 11.21 or against Purchasers under this Agreement. Nothing set forth in this Section 11.21 shall confer or give or shall be construed to confer or give to any Person (including any Person acting in a representative capacity) other than Sellers any rights or remedies against any Person, including any Guarantor, except as expressly set forth in this Section 11.21. In the event that any Seller or any Affiliate thereof asserts in any Proceeding any theory of liability against any Guarantor or any Related Person with respect to the transactions contemplated by this Agreement other than the Liability of such Guarantor under this Section 11.21, then (i) the obligations of Guarantors under this Section 11.21 shall terminate *ab initio* and be null and void, (ii) if any Guarantor has previously made any payments under this Section 11.21, it shall be entitled to recover such payments from Sellers, and (iii) no Guarantor shall have any liability to Sellers or any of their respective Affiliates with respect to the transactions contemplated by this Agreement.
