PATENT ASSIGNMENT

For good and valuable consideration, receipt of which is hereby acknowledged, I, James Tjerrild of 4185 E. Jefferson Street, Fresno, California 93725, United States of America, do hereby sell and assign to Food Grade Solutions, LLC ("Assignee"), a limited liability company organized and existing under the laws of the State of Nevada, having its principal place of business at 2030 S. Golden State Blvd., #206, P.O. Box 69, Fowler, California 93625, United States of America, its successors, assigns, nominees, or other legal representatives, the entire right, title, and interest in and to the invention entitled "**WALL MOUNTING ASSEMBLY**" invented by me, and the application for United States patent therefore, which has been assigned Serial No. 15/941,355 , and all original and reissued patents granted therefore, and all divisions and continuations thereof, including the subject matter of any and all claims which may be obtained in every such patent, and the right to apply for and obtain patents and Utility Model Registrations or Registered Designs which may be granted thereon in such foreign countries. I hereby authorize and request the Commissioner of Patents and Trademarks of the United States, and any official of any other country or countries foreign to the United States whose duty it is to issue patents on applications as aforesaid, to issue said Letters Patent, Registered Design or Utility Model Registration to the Assignee, its successor, assigns, nominees, or other legal representatives, as assignee of the entire interest herein assigned.

I covenant that I have not executed and will not execute any agreement in conflict herewith and agree that I will communicate to the Assignee, its successors, assigns, nominees, or other legal representatives, all facts known to me respecting said invention, whenever requested, and testify in any legal proceedings, sign all lawful papers, execute all divisional, continuing, and reissue applications, make all rightful oaths, and do all lawful acts requisite for the application for such divisional, continuing, or reissue applications, or the procuring thereof, and that if and when the Assignee, its successors, assigns, nominees, or other legal representatives desire to file a disclaimer relating thereto, I will, upon request, sign all lawful papers requisite for the filing of such disclaimer.

I further covenant and agree that I will, at any time upon request, do everything legally possible to aid the Assignee, its successors, assignees, nominees, or other legal representatives, either in its or their own names, to apply for, obtain, and enforce proper patent and/or Utility Model protection for said invention in all countries, all without further consideration but at the expense of the Assignee, its successors, assigns, nominees, or other legal representatives.

I authorize Assignee to insert in this assignment the serial number of the application if it is not recited herein at the time of execution of this assignment by any or all of the parties hereto.
