WHEREAS, Elevance Renewable Sciences, Inc., a company organized and existing under the laws of the State of Delaware, having a place of business at 2501 Davey Road, Woodridge, Illinois 60517 (the "Assignee"), is desirous of acquiring all right, title and interest in and to the inventions and the patent application identified above, and in all Patents, in the United States and in any and all foreign countries which may be obtained from said inventions;

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00), and other valuable and legally sufficient consideration, the receipt of which by the Assignor from the Assignee is hereby acknowledged, the Assignor has sold, assigned and transferred, and by these presents do sell, assign and

transfer to the Assignee, the entire right, title and interest for the United States in and to the inventions and the patent application identified above, and any patents that may issue for said inventions in the United States; together with the entire right, title and interest in and to said inventions and all patent applications and patents therefor in all countries foreign to the United States, including the full right to claim for any such application all benefits and priority rights under any applicable convention; together with the entire right, title and interest in and to all continuations, continuations-in-part, divisions, renewals, reissues, and extensions of any of the patent applications and patents defined above; together with the right to recover all damages, including, but not limited to, a reasonable royalty, by reason of past, present, or future infringement or any other violation of patent or patent application rights; to hold for the sole and exclusive use and benefit of the Assignee, its successors and assigns, to the full end of the term or terms for all such patents.

The Assignor hereby covenants and agrees that the Assignor will assist the Assignee, and its successors and assigns, in the prosecution of the patent application identified above; in the making and prosecution of any other patent applications that the Assignee, or its successors or assigns, may elect to make covering the inventions identified above; in vesting in the Assignee, or its successors or assigns, like exclusive title in and to all such other patent applications and patents; and in the prosecution of any interference which may arise involving said inventions, or any such patent application or patent; and that the Assignors will execute and deliver to the Assignee, or its successors or assigns, any and all additional papers which may be requested by the Assignee, or its successors or assigns, to carry out the terms of this Assignment.

The Commissioner of Patents and Trademarks is hereby authorized and requested to issue patents to the Assignee in accordance with the terms of this Assignment.

IN TESTIMONY WHEREOF, the Assignors have executed this agreement.

Paul A. Bertin
