ASSIGNMENT & WAIVER

KNOW ALL MEN BY THESE PRESENTS THAT in consideration of the sum of one dollar (\$1.00) and other good and valuable consideration (the receipt and sufficiency of which is hereby acknowledged) paid by WOLF TRAX INC. ("Wolf Trax") to MARK GOODWIN, of the City of Winnipeg in the Province of Manitoba ("Goodwin"), Goodwin does hereby assign, grant, transfer and set over to and in favour of Wolf Trax any right, title or interest, legal and equitable, worldwide, that Goodwin may have or has in or to the following and all works, inventions or discoveries derived therefrom:

1. the patents and patent applications described in Appendix "A" hereto;
2. the inventions disclosed and claimed in the patents and patent applications referred to in clause 1;
3. any patents issued or patent applications filed in any country disclosing or claiming the same inventions as those claimed in the patents and patent applications referred to in clause 1, including any patent applications filed in any country claiming priority from said patents and patent applications;
4. all divisions, substitutions, prolongations, re-issues, re-examinations, continuations, continuations in part, renewals and extensions of the patents and patent applications referred to in clauses 1 and 3;
5. all improvements, enhancements, variations, updates, modifications or discoveries relating to:
 - (a) the patents and patent applications referred to in clauses 1 and 3;
 - (b) the inventions referred to in clause 2; and
 - (c) the divisions, substitutions, prolongations, re-issues, re-examinations, continuations, continuations in part, renewals and extensions referred to in clause 4;
6. all copyright, trademarks and proprietary rights or industrial or intellectual property rights relating to:
 - (a) the patents and patent applications referred to in clauses 1 and 3;
 - (b) the inventions referred to in clause 2; and
 - (c) the divisions, substitutions, prolongations, re-issues, re-examinations, continuations, continuations in part, renewals and extensions referred to in clause 4; and

- (d) the improvements, modifications, variations, updates, enhancements or discoveries referred to in clause 5;

(collectively, the "Technology"), including any and all priority rights derived therefrom for any and all countries in the world which rights will be included in the definition of "Technology", and including all rights to sue for infringement, misappropriation and/or violation of any of the Technology, whether arising prior to or subsequent to the date of this Assignment, which rights will be included in the definition of Technology.

This Assignment is of any title to the Technology that Goodwin may have or has free and clear of any and all security interests, liens, claims and encumbrances placed by or with the consent of Goodwin.

The Technology is to be held and enjoyed by Wolf Trax for its own use as the Technology would have been held and enjoyed by Goodwin had this assignment, transfer, sale and setting over not been made.

Goodwin agrees:

1. to execute and deliver, upon written request, any and all further documents and do all acts and things which may be necessary or desirable to give effect to this Assignment, without expense to Goodwin.
2. to sign, and cause each of his employees, agents, donors, sponsors, investors and contractors, if any, to sign all documents (including assignments and waivers) and provide any and all information and assistance that Wolf Trax may require in order to perfect, obtain or protect the rights in or to the Technology.

Goodwin waives any and all moral rights in or to the Technology and to all derivative works created by Wolf Trax in favour of Wolf Trax. Wolf Trax will, in its discretion, acknowledge the authorship of the Technology by the author's name.

This Assignment will enure to the benefit of and be binding upon Goodwin and Wolf Trax and their respective successors, assigns, heirs, executors and personal representatives.

This Assignment will be construed in accordance with the laws of the Province of Manitoba and Canada.
