ASSIGNMENT OF INVENTION RIGHTS

Assignor: Murata Manufacturing Co., Ltd.

Assignee: pSemi Corporation

Invention: POSITIVE TEMPERATURE COEFFICIENT BIAS COMPENSATION CIRCUIT, embodiments of which are described in that certain patent application of the same name, Attorney Docket No. PER-216-CIP-3

1. Assignor represents that it is the owner of (1) the invention identified above, and (2) all rights to apply for related foreign and domestic patents, patent applications, divisionals, reissues, re-examinations, continuations, continuations-in-part, certificates of invention, and the like on the invention (all of which are collectively referred to as the "Patent Rights"). Assignor represents that Assignor has the full right to convey the interest assigned by this Assignment, and that Assignor has not executed and will not execute any agreement in conflict with this Assignment.
2. Assignor hereby assigns to Assignee the entire worldwide right, title, and interest in and to the Patent Rights, and acknowledges receipt of fair and adequate consideration for such assignment.
3. Assignor hereby assigns to Assignee all of Assignor's right, title, and interest in and to any claims (known or unknown, suspected or unsuspected) of any nature that Assignor has or may have against any party for infringement of the Patent Rights, and acknowledges receipt of fair and adequate consideration for such assignment.
4. Assignor agrees to execute all papers and perform all affirmative acts necessary to apply for and prosecute any patent application within the Patent Rights, and also to execute separate or additional assignments in connection with such patent applications as the Assignee may deem necessary. Assignee shall be solely responsible for all expenses relating to the preparation and prosecution of such patent applications, and the preparation and recordation of such assignments.
5. Assignor agrees to execute all papers and documents and perform any act which may be necessary in connection with protecting the Patent Rights under any claims or provisions of the International Convention for Protection of Industrial Property or similar agreements.
6. Assignor agrees to execute all papers necessary in conjunction with any interference which may be declared concerning any patent application within the Patent Rights, and to cooperate with Assignee in every way possible in obtaining evidence and going forward with such interference.
7. Assignor agrees to assist Assignee with respect to any infringement action, suit, or proceeding relating to the enforcement of any of the Patent Rights. Assignor will be entitled to receive reimbursement from Assignee of any reasonable out-of-pocket expenses incurred by it in providing such assistance. In any such action, suit, or proceeding, Assignor will be represented by the same legal counsel as Assignee at Assignee's expense.
8. Assignor hereby authorizes and requests the Commissioner of Patents to issue any and all Letters Patent of the United States resulting from any patent application within the Patent Rights to Assignee, as the assignee of the entire interest therein.
9. Assignor grants to Assignee the power to insert on this Assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.
10. This agreement is binding upon and inures to the benefit of the successors and assigns of the parties.
