ASSIGNMENT

WHEREAS, Kazimierz Wikiel, Ph.D., of 539 Chestnut Hill Road, Wakefield, Rhode Island, 02879, Aleksander Jaworski, of 51 Palomino Dr., Franklin, Massachusetts, 02038 and Wojciech Wikiel, of 30 Melody Lane, Cranston, Rhode Island, 02910 ("Assignors") are the owners of all right, title and interest to certain inventions concerning Eliminating Temperature Variation Effects to Improve Accuracy of Electroplating Bath Monitoring, which are described in a patent application filed on January 31, 2014, in the United States Patent Office as Serial No. 61/934013 and have full right to convey the entire interest in the invention and the patent application; and

WHEREAS, Technic, Inc., ("Assignee") is a corporation of the State of Rhode Island having a principle place of business at of 47 Molter Street, Cranston, Rhode Island, 02910, is desirous of acquiring the entire right, title and interest in and to the patent application and the invention described therein and any and all patents to be obtained therefor;

NOW, THEREFORE, for good and valuable consideration the receipt of which is hereby acknowledged by Assignors, Assignors do hereby sell, assign, and transfer to Assignee, its successors and assigns:

the entire right, title and interest in and to the patent application and the inventions as described therein, and

in and to any application filed or to be filed in any foreign country based thereon, including the right to file said foreign applications under the provisions of any International Convention,

including any and all patents, reissues or extensions thereof to be obtained in this or any foreign country based on the inventions, and including any utility, divisional, continuation, continuation-in-part or substitute applications which may be filed in this or any foreign country.

Assignors hereby authorize and request the issuing authority to issue any and all patents on said application or applications to said assignee or its successors and assigns.

Assignors agree to execute all utility, divisional, continuing, substitute, improvement, extension, reissue and other patent applications in this or any foreign country relating to said application or invention and to sign all other lawful papers and to perform all other lawful acts without further consideration, but without expense of Assignors, which Assignee may deem necessary or desirable to make this Assignment fully effective including but not limited to:

(1) Prompt execution of all lawful oaths, affidavits and/or supplemental oaths required or deemed advisable by the assignee to further the prosecution of any application or applications for letters patent relating to the subject matter of this Assignment;

(2) To cooperate to the best of Assignors' abilities in the execution of all lawful documents, the production of evidence, and the giving of testimony in opposition,

nullification or infringement proceedings involving the invention, the patent applications or the patents.

Assignors hereby authorize Assignee to insert in this Assignment the serial number and filing date of the above-identified application when known.

IN WITNESS WHEREOF, the undersigned have hereunto set their hands and seals on the dates set after their signatures.
