TITLE OF INVENTION: METAL ONE PIECE LOCKING SLIDE AND PULL FOR SLIDE FASTENER

U.S. PATENT SERIAL NO.: 15/385,294 U.S. FILING DATE: December 20, 2016

ATTY DOCKET NO.: 5027U.002

WHEREAS, the Assignor having made the above invention and filed application for Letters Patent of the United States thereon, and the Assignee is desirous of acquiring the same. For good and valuable consideration, the Assignor hereby assigns to the Assignee, including its duly authorized successors, assigns, heirs, administrators, all of the Assignor's rights, title and interest in and to the Invention and the patent application therefore identified herein and to any and all patents which may evolve therefrom;

NOW, THEREFORE, Assignor intending to be legally bound, hereby assigns, transfers and delivers unto Assignee, its successors, legal representatives and assigns, all rights, title and interest in, to and under the Patent Application, including all other rights associated with the Invention, including, without limitation, the right to sue for and collect damages for any past infringement of the Patents, and all patent applications related thereto including, but not limited to, all provisionals, non-provisionals, divisionals, continuations, continuations-in-part, substitutes, reexaminations, reissues and all other applications for patent which have been or shall be filed in the United States and all foreign countries on the inventions based upon the Invention; all original, reissued and reexamined patents and extensions thereof which have been or shall be issued in the United States and all foreign countries on the Invention to the full end of the term or terms for which the Patents may be granted, as fully and entirely as the same would have been held by the undersigned Assignor had this Agreement not been made; and specifically including all rights of priority created by the Patent under any treaty, convention or law relating thereto.

As further consideration for the foregoing conveyance, Assignee agrees not to grant any licenses to this Invention to an outside party without Assignor's prior expressed written consent. The terms and conditions of such licenses and the identity of licensees shall require Assignor's prior expressed written consent. Any license fees, royalties, or other compensation from licensing received by Assignee pursuant to any duly authorized license shall then be paid by Assignee to Assignor at a percentage or other amount determined by the parties mutually and set forth in a writing signed by the Parties.

Assignee may not assign any right, title, or interest in and to the Invention without the prior written consent of Assignor.

Assignor agrees, when requested, to carry out in good faith the intent and purpose of this Agreement, to execute and deliver to Assignee, all non-provisionals, divisionals, continuations, continuations-in-part, substitutes, reexaminations, reissues, and all other patent applications on the inventions; all lawful oaths, declarations, assignments, powers of attorney and other papers; communicate to Assignee all facts known to Assignor relating to the invention and the history thereof; and generally do everything possible which Assignee shall consider desirable for vesting title to the invention in Assignee, and for securing, maintaining and enforcing proper patent protection for the inventions; the Assignor agrees to execute any papers or perform any acts required to establish, vest or protect the Assignee's rights therein or required by Assignee to obtain said patent, without any additional payment therefor, but without any expense to Assignor.
