ASSIGNMENT AND AGREEMENT IN AN APPLICATION FOR LETTERS PATENT OF THE UNITED STATES OF AMERICA

WHEREAS ISIGHT Partners, Inc., a corporation duly organized and existing under the laws of the State of Texas, United States of America, herein after "**Assignor**" is the sole owner of the right, title, and interest in and to certain new and useful methods, devices, and/or systems that are disclosed and/or claimed in the following patents and applications, pending disclosures, and all related patents and applications throughout the world claiming priority thereto, collectively hereafter "**Patents**" as described in Exhibit 1 herein; and

WHEREAS, FireEye, Inc., a corporation duly organized and existing under the laws of the State of Delaware, United States of America, herein after "**Assignee**" is desirous of acquiring the entire and exclusive right, title and interest in and to, and possession of, the subject matter disclosed and claimed in the **Patents**, including any tangible materials, know-how and trade secrets related thereto (hereafter, collectively, the "**Invention**"); and the entire and exclusive right, title and interest in and to, and possession of, the **Patents**, including rights to claim priority thereto, and to all related pending and future United States and/or foreign applications disclosing or claiming the **Invention** in whole or in part, including, without limitation, all pending disclosures, provisional applications, non-provisional applications, divisional applications, continuation applications, continuation-in-part applications, renewals, reissues, reexaminations, substitutes or extensions thereof, and to all patents or other related property rights that may be issued or granted thereon anywhere in the world (hereafter, collectively, the "**Intellectual Property**"); and

NOW, THEREFORE, good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, **Assignor** has hereby assigned, transferred and conveyed, and does hereby assign, transfer and convey, to **Assignee**, its successors and assigns, all of its right, title and interest in and to, and possession and use of, the aforesaid **Intellectual Property**, throughout the world, including without limitation, the right to file and prosecute applications for patent in the name of **Assignee** and/or **Assignor**; all income, royalties, damages and payments not or hereafter due or payable with respect to any patent or other right that is based on the **Intellectual Property**; and in and to all causes of action (either in law or equity), and the right to sue, counterclaim, and recover for past, present, and future infringement of the rights assigned or to be assigned hereunder, as fully and entirely as the same would have been held and enjoyed by **Assignor** if this transfer and assignment had not been made;

AND **Assignor** hereby authorizes and requests the appropriate governmental officials to issue any and all such United States or foreign country patent or related property right assigned hereunder, to **Assignee**, as the owner of the entire and exclusive right, title and interest in and to the same;

AND **Assignor** further covenants and agrees that **Assignor** will at any time upon request make, execute and deliver without further compensation, but at the expense of the **Assignee**, any and all other instruments in writing, including further applications, papers, affidavits, power of attorney, assignments, and other documents, and do all lawful acts and things, which, in the opinion of counsel for **Assignee**, its successors and assigns, may in any country be required or necessary more effectively to secure to and vest in **Assignee**, its successors and assigns the **Intellectual**

Property, and that **Assignor** will sign any applications for reissue, division, continuation, continuation-in-part, counterpart, renewal, reexamination, substitute or extension of said **Patents** or any resulting patent or related property right;

AND Assignor further covenants and agrees that Assignor will at any time upon request communicate to the Assignee, its successors, assigns or other legal representatives any facts relating to the aforesaid **Patents**, **Invention**, and **Intellectual Property** know to it, and will testify as to the same in any interference, litigation, mediation, arbitration or other proceeding when requested to do so at Assignee's expense.

IN WITNESS WHEREOF, Assignor and Assignee have hereunto set their hand and seal by their duly authorized representative,

EXECUTED effective as of April 5, 2017.
