NUNC PRO TUNC ASSIGNMENT

This Assignment is intended to be and is effective as of the date(s) of July 28, 2011 and/or February 21, 2013 (respectively, the latter being effective for the continuation-in-part application discussed herein), even though this document is signed on the later date set forth by the signatures below.

This Assignment is by and between (1) Eric V. Resh ("Assignor"), an individual with an address at 39745 Intrepid Rd., Temecula, California 92592 and (2) RESH, Inc. ("Assignee"), a California corporation with an address at 41725 Elm Street, Suite 103, Murrieta, California 92562.

WHEREAS, Assignor Eric V. Resh is the original inventor of certain inventions as described and/or claimed in the following related applications for Letters Patent of the United States, as follows:

Title:	POOL CLEANING APPARATUS AND RELATED METHODS
Serial Nos.:	13/193,188 and 13/773,521 (the latter being a continuation-in-part of the former)
Filed:	July 28, 2011 and February 21, 2013, respectively
Inventor:	Eric V. Resh

WHEREAS, Assignee Resh, Inc. desires to acquire the entire and exclusive right, title, and interest, together with all rights of priority, in and to said inventions in the United States of America and throughout the world, and in and to any Letters Patent which may be granted and issued therefor;

NOW THEREFORE, in consideration of the sum of Ten Dollars (\$10.00) in hand paid, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the said Eric V. Resh, by these presents do hereby sell, assign, transfer, and set over unto the said Resh, Inc., its successors and assigns, the entire and exclusive right, title and interest, together with all rights of priority, in and to said inventions, in the United States and throughout the world, and in and to any Letters Patent which may be granted and issued therefor, and in and to any Letters Patent which may be granted and issued for any divisions, reissues, extensions, continuations, or continuations-in-part thereof, as well as all foreign counterparts thereof, the same

to be held and enjoyed by Resh, Inc., its successors and assigns to the full ends of the terms of all said Letters Patent therefor which may be granted.

As indicated above, the Parties (a) intended that this Assignment be effective at least as early as the application filing dates indicated above, and (b) continue to intend that assignment to be effective as of those dates. Accordingly, the Parties confirm that the assignment herein is effective as of those earlier dates, and the Parties further intend and Assignor therefore does also assign to Assignee any and all rights to pursue infringement of said Assigned rights, by any party that has occurred since those earlier dates or that may occur at any time in the future (following the actual signing of this Assignment).

Assignor Eric V. Resh also authorizes Assignee Resh Inc. to make applications for and to receive Letters Patent for said inventions in any foreign countries in its own name, or in Assignor's name, at Assignee's election.

Assignor Eric V. Resh also covenants and agrees that he will execute or procure any further necessary assurance of title to said inventions and any Letters Patent which may issue therefor and that he will, at any time, upon the request and at the expense of Resh, Inc., deliver any testimony in any legal proceedings and execute all papers that may be necessary or desirable to perfect the title to said inventions or any Letters Patent which may be granted therefor in Resh, Inc., its successors and assigns, and that he will, at any time, upon the request and at the expense of Resh, Inc., execute any documents reasonably associated with any divisions, reissues, extensions, continuations, continuations-in-part, or any other additional applications for Letters Patent for said inventions or any part or parts thereof, all of which applications and any Letters Patent issuing thereon are hereby assigned to Resh, Inc., and will make all rightful oaths, and do all lawful acts requisite for procuring the same therein, without further compensation, but at the expense of Resh, Inc., its successors and assigns.

Assignor Eric V. Resh also authorizes and requests that the Commissioner of Patents and Trademarks issue any and all Letters Patent of the United States for said inventions, resulting from any of the aforesaid applications, to said Resh, Inc.

IN WITNESS WHEREOF, the undersigned have executed this Assignment, at the location and on the date or dates indicated below.

Signed at Murrieta in the State of CA
