ASSIGNMENT

WHEREAS, Merchandising Technologies, Inc., an Oregon corporation having its principal office at 1050 NW 229th Avenue, Hillsboro, Oregon 97124 (hereinafter "Assignor"), is the owner of the patents and patent applications listed in Schedule A attached hereto and incorporated herein by reference, and of the improvements and inventions described and/or claimed therein;

AND WHEREAS, Mobile Tech, Inc., an Indiana corporation having its principal office at 5665 Meadows, Suite 150, Lake Oswego, OR 97035 (hereinafter "Assignee"), is desirous of acquiring all right, title, and interest throughout the world in, to, and under said patents, patent applications, improvements and inventions.

NOW, THEREFORE, be it known that, for valuable consideration, the receipt and sufficiency of which are hereby acknowledged, all right, title, and interest, in the United States and throughout the world, in, to, and under the patents and patent applications (including all patents to be issued pursuant thereto) listed in Schedule "A" attached hereto and incorporated herein by reference, and all of the improvements and inventions described and or claimed therein, including without limitation all divisions and continuations thereof, all patents which may be granted thereon, all reissues and extensions thereof, all right to sue for past infringement thereunder, all rights of priority arising from the filing thereof, and all patents which may be granted for the improvements and inventions described therein by the United States and by states or nations other than the United States, or by other authority, entity, or organization, and all applications therefor, have been and are hereby sold, assigned, transferred, and delivered unto the Assignee, its successors and assigns; and it is covenanted and agreed by the undersigned, and for executors, administrators, and legal representatives of the undersigned, that at Assignee's request, or that of its successors or assigns, any and all applications, affidavits, assignments, and other instruments will be made, executed, and delivered as may be necessary, or desirable to secure for or vest in Assignee, its successors or assigns, any improvement, inventions, right, title, interest, application, patent, patent right or other right or property covered by this assignment, and the United States Commissioner of Patents is hereby requested and authorized to issue any and all United States patents granted on any of said applications to Assignee as owner of the entire right, title, and interest in, to, and under the same, and appropriately empowered officials of foreign countries are hereby authorized to issue any letters patent granted on any of said applications to Assignee as owner of the entire right, title and interest in, to, and under the same.

The undersigned hereby grant(s) the attorney of record the power to insert on this Assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.
